

Bachelor of Biomedical Science (Accelerated)

Sunshine Coast, Semester 1 2024

Program structure

Introductory courses (7) 84 units

HLT140 Think Health
LFS112 Human Physiology
LFS122 Human Anatomy
MLS101 Foundations in Medical Science
SCI105 Introductory Chemistry
SCI110 Science Research Methods

PLUS select 1 course from:

LFS100 Cell Biology
LFS103 Introductory Bioscience

Developing and Graduate courses (9) 108 units

BIM202 Medical Genetics
BIM263 Introduction to Pharmacology
BIM331 Immunology
LFS203 Integrated Physiology
LFS251 Biochemistry
LFS252 Molecular Biology
LFS261 Microbiology
LFS303 Pathophysiology

PLUS select 1 course from:

BIM300 Advanced Professional Skills in Biomedical Science
BIM371 Clinical Embryology
WPL310 Workplace Learning I
LFS304 Clinical placement I
SRP301 Special Research Project

Minor courses (4) 48 units

Complete the following Minor (48 units)

- Medical Science

Elective courses (4) 48 units

Select 4 elective courses (48 units) from the undergraduate elective course options. Of the electives, 1 (12 units) must be developing or graduate level (200/300 coded).

Recommended elective courses for Session 8, Year 1 include:

SRP301 Special Research Project
SRP321 Special Research Project
WPL310 Workplace Learning I
WPL320 Workplace Learning II

Recommended electives courses for Session 8, Year 2 include:

usc.edu.au/sc357

University of the Sunshine Coast | CRICOS Provider Number: 01595D | Correct as at 21 May 2024
Study options and teaching period of offer can vary depending on the study location. For full details, visit usc.edu.au.

BIM303 Clinical Trials Management
BIM371 Clinical Embryology
SRP301 Special Research Project
SRP321 Special Research Project
WPL310 Workplace Learning I
WPL320 Workplace Learning II

Note: Program structures are subject to change. Not all UniSC courses are available on every UniSC campus.

Total units: 288

Study sequence

- Students will normally enrol in five (5) courses in each semester (60 units), as well as completing additional courses over Session 8, to enable completion of the BBiomedSc(Accel) program in 2-years. However, students may enrol in up to 72 units on the recommendation of their mentor, and with the approval of the Program Coordinator

Program requirements and notes

In order to graduate you must:

- Successfully complete 288 units as outlined in the Program Structure
- Complete no more than 10 introductory (100 coded) courses

Program notes

- If you have an interest in cellular processes that underpin medical and biomedical sciences, please enrol in LFS100 Cell Biology. If you are interested in a broad overview of sciences that are relevant to healthcare, please enrol in LFS103 Introductory Bioscience
- Students must progress in a full-time mode in accordance with the requirements set out by the BBiomedSc(Accel) program and complete the program in 2-years
- Students will be transferred to the standard Bachelor of Biomedical Science program if they (1) decide to move to part-time enrolment; (2) are unable to maintain the high course workload associated with the accelerated program; or (3) are unable to maintain a GPA of 5.5 or better each semester.
- Students will normally enrol in five (5) courses in each semester (60 units), as well as completing additional courses over Session 8, to enable completion of the BBiomedSc(Accel) program in 2-years. However, students may enrol in up to 72 units on the recommendation of their mentor, and with the approval of the Program Coordinator
- Where there are exceptional unforeseen circumstances such as in the case of illness, students must apply for special dispensation to the Program Coordinator
- The unit value of all courses is 12 units unless otherwise specified
- It is each student's responsibility to enrol correctly according to your course requisites, program rules and requirements and be aware of the academic calendar dates
- Courses within this program are assessed using a variety of assessment methods which may include essays, seminar presentations, reports, in-class tests and examinations
- As part of your UniSC program, you may apply to Study Overseas to undertake courses with an overseas higher education provider
- Only a full-time study option is available to international students on a Student Visa
- Refer to the Managing your progression page for help in understanding your program structure, reviewing your progress and planning remaining courses.
