Learn to safeguard businesses with a practical double degree combining business with criminology and justice. You'll study the legal and criminal justice systems, and how to develop fair and effective methods for crime prevention. Your learnings ensure you remain in front of emerging trends such as cyber scams and fraud.

In this program you will:

- Gain a strong foundation in the fundamentals of modern business, including economics, management, marketing, international trade business law, corporate governance and social responsibility
- Develop strong analytical skills to interpret trends relating to crime or business
- Understand the role of the justice system
- Examine policies that impact policing, courts, corrections and allied agencies
- Have the chance to complete a professional placement in your final year in the field of criminology and justice
