Bachelor of / Bachelor of

Engineering (Civil) (Honours) / Environmental Science

Moreton Bay, Semester 2 2024

Program structure

Introductory courses (11) 132 units

ENG101 Professional Engineering

ENG102 Engineering Statics

ENG103 Introduction to the Internet of Things

ENG104 Engineering Design

ENS103 Earth's Surface Processes

MTH103 Introduction to Applied Mathematics

MTH104 Introductory Calculus

SCI102 Biodiversity and Ecology

SCI105 Introductory Chemistry

SCI107 Physics

SCI110 Science Research Methods

Developing courses (13) 156 units

CIV200 Structural Analysis

CIV201 Geotechnical Engineering

ENS221 Plant Diversity and Ecology

ENS222 Terrestrial Vertebrate Diversity and Ecology

ENS224 Soil Properties, Processes and Rehabilitation

ENS242 Weather and Climate

ENS253 Geographic Information Science and Technology

MEC200 Thermodynamics

MEC221 Mechanics of Materials

MEC225 Engineering Materials

MTH201 Calculus II and Linear Algebra

MTH203 Numerical Analysis

PLUS 1 course from the following:

ANM203 Statistics with Teeth: Understanding Ecological Data

SCI202 Advanced Research Methods and Statistics

Graduate courses (15) 180 units

CIV300 Structural Design

CIV301 Road and Traffic Engineering

CIV330 Engineering Hydrology

CIV340 Construction Technology

CIV400 Water Supply and Wastewater Treatment systems

CIV401 Sustainable Transport Systems

CIV404 Engineering Sustainable Design

CIV451 Concrete Structures and Technology

ENG302 Engineering Project Management

ENG304 Engineering Research Methodology

ENG401 Engineering Project 1

usc.edu.au/sc425

ENG402 Engineering Project 2
ENS321 Restoration Ecology
ENS325 Population Ecology and Genetics
GEO302 Coastal Geomorphology

Elective course (1) 12 units

Select 1 elective course (12 units) from the undergraduate elective course options.

Honours

The Bachelor of Engineering (Civil) (Honours) may be awarded with Honours. The class of Honours to be awarded to a student is dependent upon:

• the percentage results achieved by study or transfer in eleven courses (132 units) as specified in the table below;

and

• the student achieving at least 65% in ENG402 Engineering Research Project 2.

COURSES

CIV201 Geotechnical Engineering

CIV300 Structural Design

ENG302 Engineering Project Management

CIV301 Road and Traffic Engineering

ENG304 Engineering Research Methodology

ENG401 Engineering Project 1

ENG402 Engineering Project 2

CIV404 Engineering Sustainable Design

CIV400 Water Supply and Wastewater Treatment systems

CIV451 Concrete Structures and Technology

CIV401 Sustainable Transport Systems

MTH203 Numerical Analysis

A student must complete a minimum of 8 courses (96 units) in the table and the research project for an honours grade to be awarded.

The minimum levels of achievement normally required for each class of honours are shown in the following table:

HONOURS RESULTS CLASSIFICATION	OVERALL PERCENTAGE ATTAINDED IN SPECIFIED COURSES*
Honours Class I	80% - 100%
Honours Class IIA	70% - 79%
Honours Class IIB	60% - 69%

^{*}The percentage result shall be rounded up if ³ 0.5 or rounded down if < 0.5.

Note: Program structures are subject to change. Not all UniSC courses are available on every UniSC campus.

Total units: 480

Study sequence

The Bachelor of Engineering (Civil) (Honours)/Bachelor of Environmental Science recommended study sequence is for students commencing in the current semester.

Semester 2

COURSE	SEMESTER OF OFFER (MORETON BAY)	UNITS	REQUISITES
ENG103 Introduction to the Internet of Things	Semester 2	12

Program requirements and notes

In order to graduate you must:

- Successfully complete 480 units as outlined in the Program Structure
- Complete a minimum of 60 days of suitable work experience. Students must meet all costs associated with the acquisition of practical experience to satisfy this requirement

Program notes

- Completing this program within the specified (full-time) duration is based on studying 48 unit points per semester (normally 4 courses) and following the recommended study sequence
- The unit value of all courses 12 units unless otherwise specified
- It is each students responsibility to enrol correctly according to your course requisites, program rules and requirements and be aware of the academic calendar dates
- Courses within this program are assessed using a variety of assessment methods which may include essays, seminar presentations, reports, in-class tests and examinations
- As part of your UniSC program, you may apply to Study Overseas to undertake courses with an overseas higher education provider
- Only a full-time study option is available to international students on a Student Visa
- Refer to the Managing your progression page for help in understanding your program structure, reviewing your progress and planning remaining courses.
