

Diploma in Outdoor Environmental Studies

LOCATION

Sunshine Coast

START

Semester 1, Semester 2

A career that combines environmental studies, exploration and adventure. This diploma equips you with the skills, knowledge and experience to contribute to the leadership of transformative outdoor environmental experiences in natural settings as a guide and scientific interpreter.

In this program you will:

- Learn to navigate diverse terrain using non-motorised modes of travel
- Develop an understanding of environmental management objectives, and learn about unique terrestrial and marine ecosystems and the organisms that inhabit them
- Complete supervised outdoor environmental studies fieldwork (depending on elective choices) in local natural environments and World Heritage Areas

Career opportunities

- Outdoor education leaders
- Outdoor environmental studies
- Entry-level environmental management positions

Program structure

Required courses (4) 48 units

Select 4 courses from:

ANM102 Endangered Animals and their Conservation
ANM104 Marine Vertebrates: Sharks, Seabirds, Fish, Turtles and Whales
