1.4 Date and period of operation

This Agreement will operate from seven days after its approval by the Fair Work Commission (FWC) and will have a nominal expiry date of 30 June 2022. Negotiation towards a replacement Agreement will commence within three months after the nominal expiry date.

1.5 Status of this Agreement

(a) This Agreement replaces and prevails over any other Agreement that might otherwise apply to staff covered by this Agreement. This Agreement displaces all relevant awards that might otherwise apply to staff covered by this Agreement. This Agreement is to be read in conjunction with the National Employment Standards (NES) and if a term is detrimental to a staff member when compared to a standard, the standard prevails over the term of this Agreement.

(b) Negotiated terms and conditions of employment for staff are outlined in this Agreement. Policies, procedures and guidelines for other conditions and benefits affecting employment may be varied from time to time by the University and do not form part of this Agreement.

1.6 Posting of the Agreement

An electronic copy of this Agreement will be accessible to all staff.

1.7 Flexibility term

This clause constitutes the flexibility term referred to under section 202 of the *Fair Work Act 2009*.

- (ii) the arrangement meets the genuine needs of the University and the staff member in relation to 1 or more of the matters mentioned in paragraph (i); and
- (iii) the arrangement is genuinely agreed to by the University and the staff member.

(b) The University must ensure that the terms of the individual flexibility arrangement and its terms:

- (i) are about permitted matters under section 172 of the Fair Work Act 2009; and
- (ii) are not unlawful terms under section 194 of the Fair Work Act 2009; and
- (iii) results in the staff member being better off overall than the staff member would be if no arrangement was made and
- (iv) is in writing; and
- (v) includes the name of the University and the staff member; and
- (vi) is signed by the University and the staff member and if the staff member is under 18 years of age, signed by a parent or guardian of the staff member; and includes details of:
 - the terms of the agreement that will be varied by the arrangement; and how the arrangement will vary the effect of the terms; and how the staff member will be better off overall in relation to the terms and conditions of their employment as a result of the arrangement; and states the day on which the arrangement commences.

- (vii) does not require that anyone else approve it, other than the staff member and the University.
- (c) The University must give the staff member a copy of the individual flexibility arrangement within 14 days after it is agreed to.
- (d) The University or the staff member may terminate the individual flexibility arrangement:
- (i) by giving written notice of not less than 28 days; or

Such discussions or considerations will not normally extend beyond five working days from the date of that initial meeting. A staff member may be either represented or assisted by a representative of their choice in accordance with this Agreement during all parts of this dispute process.

(iii) Where FWC arbitrates the dispute, it may also use the powers that are available to it under the Fair Work Act 2009, as amended from time to time. Where FWC determines that it does not have jurisdiction to arbitrate, the parties to the dispute agree to consider all recommendations made by FWC during conciliation, to resolve the dispute.

(iv) Nothing in this clause prevents the parties to the dispute to agreeing to refer an unresolved dispute to a person or body other than FWC for resolution, in which case the parties to the dispute agree to be bound by any recommendation made to resolve the dispute.

2. Appointment

Appointments will only be made within the definitions provided by this clause, and under the general principle that staff can be expected to undertake duties which are appropriate to their capacities and classification level. All appointments (except casual appointments) are subject to the probation and termination provisions of this Agreement. All appointments will be made on the basis of merit.

Upon engagement, a staff member will receive an instrument of appointment which will stipulate the type of appointment and informs the staff member of the terms of appointment at the time of appointment in relation to:

(a) The classification level and salary of the staff member on commencement of employment, and the hours or the fraction of the full-time hours to be worked;

(b) For fixed-term staff the term of the employment;

- (c) For casual staff, a statement that additional directed duties required during the appointment will be paid for;
- (d) For any staff subject to probationary employment, the length and terms of probation;
- (e) Other main conditions of employment including sources for which such conditions are derived and the reporting relationship to apply upon appointment that can be ascertained.

2.1 Full-time appointment

Full-time employment is where the staff member's principal employment is with the University and where the employment is for the maximum number of hours per week where specified for the type of appointment. Full-time employment may be ongoing or fixed-term.

2.2 Fractional appointment

A fractional staff member is employed for a regular period each week, which is less than a full-time appointment. Fractional employment may be ongoing or fixed-term. In addition, a fractional appointment can be for certain parts of any year or across specified work cycles during the year. A fractional staff member will be paid on a proportionate basis to the full-time equivalent staff member and will be entitled to leave provisions on a proportionate basis.

2.3 Ongoing appointment

Ongoing appointment is employment for an indefinite period. An ongoing appointment is subject to probation, termination and redundancy provisions in this Agreement.

2.4 Fixed-term appointment

(a) A fixed-term appointment is an appointment for a specified term or ascertainable period for which the appointment has specific starting and finishing dates upon which the term of the employment will expire (or instead of a finishing date, will specify the circumstances or contingency relating to a specific task or project, upon the occurrence of which the term of the employment will expire). The use of fixed-term appointments is limited to the appointment of a staff member engaged in accordance with clause 2.6 or for work activity that comes within the description of one or more of the following circumstances:

(i) 'Specific task or project' means a definable work activity which has a starting date and which is expected to be completed within an anticipated timeframe. Without limiting the generality of that circumstance, it could include the following: a period of employment provided from identifiable funding external to the University, not being funding that is part of an operating grant from government or funding comprised of payments of fees made by or on behalf of students.

(ii) 'Research' means work activity by a person engaged on research only functions for a contract period not exceeding 5 years.

(iii) 'Replacement staff member' means:

- undertaking work activity replacing a staff member for a definable period for which the latter is either on authorised leave of absence or is temporarily seconded away from their usual work area; or
- performing the duties of: a vacant position for which the University has made a definite decision to fill and has commenced recruitment action; or a position the normal occupant of which is performing higher duties pending the outcome of recruitment action initiated by the University and in progress for that vacant higher duties position until a staff member is engaged for the vacant position or vacant higher duties position as applicable.

Upon notification of the return of the incumbent staff member due to unforeseen circumstances, including the early return of a staff member on parental leave, replacement staff may be terminated with the provision of four weeks' notice.

(iv) 'Recent professional practice required' means where a curriculum in professional or vocational education requires that work be undertaken by a person to be engaged who has recent practical or commercial experience, such a person may be engaged for a fixed-term contract not exceeding two years.

(v) 'Pre-retirement contract' is where a staff member declares that it is their intention to retire, a fixed-term contract expiring on or around the relevant retirement date may be adopted as the appropriate type of employment for a period of up to 5 years.

(vi) 'Fixed-term contract employment subsidiary to studentship' is where a person is enrolled as a student. Employment under a fixed-term contract may be adopted as the appropriate type of employment for work activity, not within the description of another circumstance in the preceding paragraphs of this sub clause, that is work within the student's Academic unit or an associated research unit of that Academic unit and is work generally related to a degree course that the student is undertaking within the Academic unit, provided that:

- such fixed-term contract employment will be for a period that does not extend beyond, or that expires at the end of, the Academic year in which the person ceases to be a student, including any period that the person is not enrolled as a student

but is still completing postgraduate work or is awaiting results; and that an offer of fixed-term employment under this paragraph will not be made on the condition that the person offered the employment undertake the studentship.

(vii) 'Apprenticeship or Traineeship' is a staff member employed pursuant to apprenticeship or traineeship approved by the relevant State authority.

(b) A fixed-term appointment is subject to the probation and termination provisions for unsatisfactory performance and serious misconduct. Where the University determines that the work is no longer required during the contract period, the staff member will receive payment equivalent to the remainder of the contract, and where applicable, any relevant severance payment.

(c) Where a fixed-term staff member has been engaged to undertake work for the purposes of 2.4(a)(i) or (ii) above for two or more consecutive fixed-term appointments over a period of five years or more, and they have been employed through a merit-based selection process, they will be eligible to apply for conversion to an ongoing position, provided their performance has been assessed as satisfactory, and there is an ongoing need for the work to be done by that staff member.

(d) The University may decline a request for conversion where the work is not required to be done on an ongoing basis, or where funding for the position is not expected to continue.

(e) Where a position is converted to an ongoing position, the incumbent may be offered appointment on a confirmed, ongoing basis where they have completed a probation period or they have been employed for a period at least equal to the probation requirements for the position, and they were appointed through a merit selection process. Where a person has served less than the probation period and was appointed through a merit selection process, the incumbent may be given an ongoing appointment subject to probation with the length of probation reduced by the period of employment on a fixed-term basis.

(f) Where a position is maintained on a fixed-term basis and the incumbent was appointed through a merit selection process, the incumbent will be offered another appointment except where it is demonstrated that the staff member's performance has been unsatisfactory.

2.4.7 Payment of severance

(a) Severance will be payable, for all staff appointed on a fixed-term contract where the staff member is appointed on a second or subsequent fixed-term appointment as follows:

TYPE OF CONTRACT	PERIOD OF CONTINUOUS SERVICE	SEVERANCE PAY
Replacement Staff	No Entitlement to Severance	Nil
Pre-retirement		
Studentship		
Apprenticeship or Traineeship		
Recent professional practice		
Teaching Fellowships		
Specific task or Project Research	Less than 1 year	Nil
	1 year but less than 4 years	4 weeks pay
	4 years but less than 5 years	5 weeks pay
	5 years but less than 6 years	6 weeks pay
	6 years but less than 8 years	7 weeks pay
	8 years but less than 9 years	8 weeks pay
	9 years but less than 10 years	9 weeks pay
	10 years and over	12 weeks pay

(b) Severance pay is paid only when the staff member seeks to continue the employment, and when there is no further offer of employment for a reasonably related appointment.

(c) The University may defer the payment of severance pay for a maximum of four weeks after the expiry of a fixed-term appointment, where the University may offer further employment within six weeks of the expiry of the staff member's fixed-term appointment, and where the staff member is advised of this in writing.

(d) Breaks between appointments of up to two times per year and of up to six weeks in total will not constitute breaks in service. Periods of approved unpaid leave will not count for service but will not constitute breaks in service for the purposes of this clause.

(e) If the staff member obtains an acceptable alternative position within the University within six weeks of the expiry of the fixed-term appointment, the severance payment prescription may be varied.

2.5 Casual appointment

(a) Casual appointments are normally offered where there is a need to engage additional staff where the work is irregular, to cover a short-term absence, to provide industry or professional experience or to provide postgraduate opportunities. Casual staff are engaged by the hour and paid an all-purpose hourly rate which includes a loading of 25 per cent, in lieu of benefits available to ongoing and fixed-term staff, and is derived from the fortnightly salary applicable to the appropriate classification.

(b) The University does not intend to disproportionately increase the percentage of staff employed on a casual basis during the life of the Agreement.

(c) The fundamental feature in the offer and acceptance of a casual appointment is that there is no expectation by the staff member or the University that there will be any employment beyond the appointment offered. A casual appointment may be terminated by either the University or the staff member on one hour's notice and the requirements in this Agreement for managing unsatisfactory performance, misconduct and serious misconduct and ill health do not apply.

(d) A casual staff member will not normally be employed to work more than the corresponding full-time hours prescribed for the classification. Casual staff are not entitled to the benefit of any paid leave entitlement in Part 6 of this Agreement except long service. A casual staff member is entitled to unpaid leave for sick, carers', parental, bereavement/compassionate, jury service, and state emergency call out purposes.

2.5.1 Casual Academic staff

(a) Casual Academic staff are appointed to undertake specific duties and may be engaged for relatively few hours, such as for part of a course. Casual Academic staff will be paid in accordance with Schedule 4. Casual Academic staff employed over two consecutive semesters can voluntarily participate in Performance Planning and Review.

2.5.2 Casual Professional staff

(a) Casual Professional staff are paid for a minimum of three consecutive hours for each attendance. In instances where an individual's primary occupation is elsewhere or with the University or the person is a University student, including Library Shelvees, they will be paid for a minimum of one hour for each attendance. Exam invigilators will be paid a minimum of two hours for a one hour exam. In order to meet personal circumstances, a casual staff member can request a minimum engagement of less than three hours where this is suitable to the staff member and the University.

(b) Should a casual Professional staff member be engaged on a regular and systematic basis in the same or similar position and same classification either for 12 months at 50% of ordinary working hours, or for at least 24 months the casual can apply in writing for conversion. The University will not unreasonably refuse an application for conversion to a fractional or full-time appointment. However, the University may refuse an application on reasonable grounds, which includes, but is not limited to: that the casual staff member was recently a student, a genuine retiree, is employed elsewhere in the University, does not meet minimum requirements for the position, work will cease to be required or will be performed by non-casual staff within 26 weeks of a conversion application, the staff member does not meet the essential requirements of the position or the work is ad hoc, intermittent, unpredictable or involves hours that are irregular. If the University refuses the application, it must provide written reasons for the decision.

(c) Staff converted will not have their casual service count as service for calculating any other entitlements except long service leave and parental leave.

2.6 Teaching Fellowship

(a) A casual academic staff member who has been engaged on a regular and systematic basis for the same or similar work and that work is expected to continue, may apply for a Teaching Fellowship on a fractional basis for a fixed-term of a minimum of 12 months and up to a maximum of three years on the following conditions:

(i) The staff member has held a casual academic appointment at USC for at least the last four semesters, delivering an average of at least five hours of lectures and/or tutorials per teaching week during each semester;

(ii) The workload allocation will be 75% teaching and teaching-related duties, and 25% scholarship of teaching, research and/or engagement as agreed with the supervisor;

(iii) The staff member must hold a relevant PhD qualification, or a relevant Masters qualification and/or be enrolled in and progressing toward a relevant PhD.

(b) Teaching Fellows may be required to teach in more than two semesters in any one calendar year. The maximum number of hours face-to-face teaching will be 16 hours per week.

(c) Staff appointed to a Teaching Fellowship will be subject to the normal processes for probation, promotion and Performance Planning and Review (PPR).

(d) Appointments under this clause will normally be at Academic Level A or Level B and will normally consist of work previously undertaken by casual academic staff.

(e) At the conclusion of the Teaching Fellowship appointment, the incumbent will be offered ongoing employment in accordance with Clause 8.2.2, subject to the following:

(i) The staff member must hold a relevant PhD qualification;

(ii) The staff member's performance must be satisfactory;

(iii) The staff member must be able to demonstrate they meet the requirements of an Academic Level A or Level B position; and

(iv) The work of the proposed position will not cease to be required within the next three years.

(f) Casual service for casual academic staff who are offered conversion to a Teaching Fellowship will not count as service for calculating any other entitlements except long service leave and parental leave.

2.7 Multiple modes of appointment

(a) In most cases, a staff member will be employed under a single contract of employment. It is recognised however that, from time to time, full-time and fractional staff may also voluntarily engage in other casual employment with the University, in addition to their normal duties, with the approval of their substantive Cost Centre Manager.

(b) In the case of full-time staff, the staff member will be required to make up any scheduled ordinary hours not worked in their full-time appointment. This does not exclude work in their full-time employment which attracts overtime or penalty arrangements.

3. Remuneration

3.1 Salary increases

(a) This Agreement provides for salary increases in the following instalments:

- 2% effective from 16 March 2019 (already paid)
- 2% effective from 14 March 2020
- 2% effective from 13 March 2021
- 2% effective from 12 March 2022

(b) The salary increases are only payable to staff employed at the University on the date the relevant salary increase becomes due.

3.2 Superannuation

(a) The nominated Superannuation fund for the University is UniSuper. The University will maintain all superannuation arrangements and entitlements, including employer contribution rates, in effect at the date of certification of the Agreement.

(b) The University will increase employer contributions to 17% for all fixed-term staff who are eligible for superannuation under the Superannuation Guarantee Administration Act 1992 from the first full pay period immediately following 12 March 2022.

(c) A staff member in respect of whom employer contributions are being made to a UniSuper defined benefit product may, for periods of authorised leave without pay, apply to the University to make payments to UniSuper to cover employer and employee contributions which would usually have been made to UniSuper in respect of that defined benefit, had that employee not been on authorised leave without pay. Such payments will be funded by the staff member.

3.3 Salary Packaging

Salary Packaging is available to staff (excluding casuals) holding an appointment of twelve months or more.

3.4 ELICOS teaching staff

Specific provisions for ELICOS Teaching staff are set out in Schedule 3. Except where provided for in Schedule 3 the provisions that apply to Professional staff apply to ELICOS Teaching staff.

4. Hours of work

4.1 Attendance of Academic staff

Academic staff will work hours and attend on campus as required for the performance of their duties, however, the University recognises that academic staff also require periods away from their designated workplace. Patterns of attendance for academic staff are to be discussed and agreed in Performance Planning and Review (PPR) discussions.

4.2 Attendance of Professional staff

(a) The ordinary hours of work for Professional staff are 36.25 hours each week, normally 7.25 hours per day, to be worked within a work cycle not exceeding five consecutive days. Hours in excess of 7.25 per day may be worked as flexible working arrangements.

(b) These ordinary hours may be worked on any consecutive days in the week, Monday to Friday inclusive, provided that the ordinary hours are to be worked between 6:00 am and 6:00 pm, with the exceptions of:

(i) Staff on Student IT Help desks who work between 7.00 am to 9.00 pm, Monday to Sunday;

(ii) Staff in Information Technology Services that are required to attend prior to 6am for regular maintenance;

(iii) Staff in Laboratory Support who work between 6:00am and 9:00pm;

(iv) Staff in Sport who work between 6:00am and 9:00pm, Monday to Sunday;

(v) Staff on Library Service Desks who work between 7:00am and 9:00pm, Monday to Sunday;

(vi) Staff in Catering and Events who work between 6:30am and 10:30pm, Monday to Sunday;

(vii) Staff in Information Services, Marketing and External Engagement Student Ambassadors and USC International Activity Assistants who work between 7:00am and 11:00pm, Monday to Sunday.

(c) Non-casual staff hired to work weekends and engaged in accordance with clause 4.2(b) will be paid at the ordinary rate plus 50% of their total weekend hours. Any eligible staff member who works in excess of 36.25 hours per week will continue to receive overtime payments.

4.2.1 Rest pauses and meal break

(a) Staff will take two ten minute rest pauses, one in each half of the day, included in working hours. Rest pauses will be taken at times to suit the convenience of the work area.

(b) Staff are to take an unpaid meal break commencing not earlier than 3 hours and not later than 5 hours from commencement of duty (including rest pause) ranging from a minimum of 30 minutes to a maximum of 2 hours duration, with prior approval from the work area.

4.2.2 Overtime

(a) Professional staff employed at or below Level 7 are eligible for payment of overtime penalty rates for additional hours worked at the request of their supervisor and approved in advance of the overtime being worked. Overtime is payable for work performed in excess of the standard 36.25 hours per week or for work in excess of 10 hours on any one day.

(b) Overtime will be calculated to the fifteen minute interval. Minimum call out for overtime will be two hours and in the interests of health and efficiency, staff should not be required to work more than 3 hours overtime (exclusive of a meal break) on any day unless special circumstances exist. Overtime and meal allowances during overtime will be paid in accordance with Schedule 2.

4.2.3 Flexible hours arrangement

(a) The flexible hours arrangement provides staff (excluding shift workers) and the University flexibility to achieve a better balance between the personal lives and working times of staff, while giving priority to the University's operational needs and the maintenance of acceptable workflows.

(b) The flexible hours arrangement allows for staff to accrue time as 'flex-time', on an hour for hour basis, that can then be taken as time off work without loss of pay at a later date. Accumulated credit time is calculated over a four week work cycle, normally to a maximum of fourteen hours and thirty minutes, and the maximum carry over between the four week work cycle will normally be ten hours. Staff cannot accumulate flex-time unless work is available to be performed during the four week cycle and the work is actually performed. Supervisors will not unreasonably refuse a request for a flexible hours arrangement.

(c) The flexible hours arrangement is available to all Professional staff excluding casual staff and staff employed on a shift basis. The flexible hours arrangement may be worked in lieu of the ordinary hours of work provided for in Clause 4.2.

4.3 Emergency call out

A Professional staff member, who is required by a duly authorised officer of the University to return to duty or work in the event of an emergency with or without notice, will be entitled to payment of overtime and penalty rates and to a minimum payment of two hours at call out rates.

5. Performance management

The University's performance management scheme comprises several key elements: probation, performance planning and review, staff development, rewarding performance including promotion, and managing unsatisfactory performance, misconduct and serious misconduct, and ill-health and will operate in accordance with the relevant policies. Management of unsatisfactory performance, misconduct and serious misconduct and ill health will operate in accordance with the terms of this Agreement.

5.1 Probation

(a) All staff employed in ongoing or fixed-term appointments will normally undergo a probationary period. Probationary staff are not subject to the provisions of clauses 5.6 and 5.7. The probationary period is set prior to commencement of A probationary period will not be required for a fixed-term staff member on a second or subsequent reasonably contiguous appointment in a position of the same or similar duties.

(b) The length of the probationary period will be determined following consideration of the period of time required to enable both the University and the staff member to evaluate employment suitability and for the staff member to demonstrate performance and outcomes across the range of duties and expectations prescribed to the position and the probation plan.

(c) The maximum period of probation will be:

(i) Professional positions — twelve months

(ii) Academic positions — three years

(d) As soon as possible after commencement of employment, the new staff member meets formally with their supervisor to discuss and develop a probation plan.

5.1.1 Termination of probationary employment

(a) The VCP or authorised officer can dismiss a staff member on probation provided that:

(i) the staff member is serving a reasonable probationary period decided upon and notified to the staff member in advance;

(ii) the staff member has not met the requirements of the position as set out in the probation plan mutually developed with their supervisor;

(iii) the probation process has been followed; and

(iv) notice of dismissal is given in writing.

(b) A staff member or the University can terminate probationary employment by providing the following notice:

(i) Academic staff — sixteen weeks

(ii) Professional & ELICOS Teaching staff — two weeks

(c) No notice will be provided where a staff member is dismissed during probation for serious misconduct. Notice may be given, paid in lieu or forfeited.

(d) Where there is a recommendation to terminate the employment of a probationary staff member, the staff member will be advised of the recommendation including any adverse material about the staff member upon which the recommendation is based. If any meeting is held where the performance of a probationary staff member is to be discussed and which may concern the possible termination of a probationary staff member, the staff member may be accompanied by their nominated representative. The staff member will be entitled to respond to the recommendation, and the response will be taken into consideration by the VCP or authorized officer when considering the recommendation to terminate.

5.2 Staff development

Staff development is a process through which staff continue to learn and expand their capacity to be effective in their work. It can involve a range of formal and informal activities including study, attendance at courses, job rotation, professional development programs and supervisory training and other job training. All staff are required and encouraged to take responsibility for their own learning, to develop goals and to assist in developing other staff.

5.2.1 Professional Development Program (PDP)

(a) Approval may be granted to undertake research, scholarly or professional activities where, in the opinion of the PDP Committee, such activities contribute to the development of the staff member and the achievement of the University's strategic goals.

(b) All full-time and fractional staff (0.5 time fraction and above) with a minimum of three years continuous service at the University are eligible to apply for PDP. Fixed-term staff will not be granted PDP unless there is sufficient time remaining in their current fixed-term appointment to ensure a return to the University from PDP for a period not less than the period of absence. PDP will not extend the term of the fixed-term appointment.

5.2.2 Academic Sabbatical

Academic staff with an ongoing appointment may request a release from all teaching and teaching-related duties in order to undertake research or scholarship in teaching. The request for release will be for a maximum period of four months, as agreed to by the Cost Centre Manager, and must be supported by a proposal outlining expected outcomes and achievements.

5.2.3 Study assistance

(a) Financial assistance and leave to attend classes and examinations may be granted to eligible staff enrolled in an approved course at USC. Courses not available at USC may also be supported on the approval of the relevant Cost Centre Manager. Staff (excluding casuals) holding an appointment of twelve months or more are eligible to apply for study assistance.

(b) There are three categories of study assistance that determine the level of financial assistance and leave available to staff to undertake study.

(c) Category A applies where a staff member is required to enroll in a particular program as a condition of their employment. This condition will be explicitly stated in the staff member's written offer of appointment or other formal correspondence.

(d) Category B applies where the program of study will directly contribute to the staff member's performance of duties and is consistent with the qualifications and training level reflected in the classification standards of their substantive position or anticipated future duties at the University.

(e) Category C applies where the program of study will generally contribute to the staff member's performance in their substantive position or contribute, by being relevant to other positions in the University, to the continuing development of the individual staff member.

5.3 Performance Planning and Review (PPR)

Performance Planning and Review is an ongoing cyclical process that facilitates an active and constructive partnership between a staff member and their PPR supervisor to support the ongoing review and development of the staff member's performance within the context of the work area's plans and priorities, University Plans and the University's Strategic Plan. PPR provides a framework for regular, accurate and constructive information and feedback to staff about their performance and can identify areas for future development and improvement.

5.4 Rewarding performance

5.4.1 Incremental Progression

Incremental progression is directly linked with PPR and recognises that performance has been satisfactory and additional skills, experience and knowledge have been acquired. A staff member will advance to the next increment level on their anniversary date. Where unsatisfactory performance or misconduct or serious misconduct procedures have commenced, the increment will be withheld.

5.4.2 Accelerated Incremental Progression

Accelerated incremental progression is a mechanism to reward staff and recognise exceptional overall performance. It is normally triggered by the annual PPR discussion and therefore occurs only once a year.

5.4.3 Broadbanding of Professional Positions

Broadbanding is formal recognition that a position spans two adjoining classification levels in that it is based on job analysis, which examines and evaluates the requirements for a position. It is available for positions classified up to and including Level 10. Broadbanding can recognise the application by a staff member of additional skills to those required at their substantive classification level. At the higher level within the broadband, occupants, through experience, will have developed skills and expertise enabling them to perform more independently the full range of duties at a higher level, and more time will be spent on the more complex functions of the position.

5.4.4 Acting in Higher Classified Positions

(a) A staff member may be asked to temporarily fill a vacant higher classified position. If the staff member is in agreement, is performing all of the duties and accepting the full responsibilities of the position, they will receive an allowance in addition to their normal salary. The

allowance will be equivalent to the difference between the staff member's salary and the minimum salary of the position temporarily filled and is payable provided the period worked is for:

- (i) five or more sequential working days in the case of Professional & ELICOS Teaching staff; or
- (ii) ten or more sequential working days in the case of academic staff; or
- (iii) a regular number of days over a short period, for example, two days per week for a period of ten weeks.

(b) Where a staff member is performing a percentage of the duties and limited responsibilities of the higher position, the allowance will be a percentage of the difference between the staff member's salary and the minimum salary of the classification of the position temporarily filled. An allowance payable under this clause will be regarded as salary for the purposes of calculating all other types of allowances including overtime.

5.4.5 Professional Position Reclassification

(a) Reclassification occurs when the evaluation of a position description for an established position determines that the position should be classified at a level other than that at which it is currently classified. The classification of a position description is based on the qualifications or training, supervision, judgement, independence, and problem solving, organisational knowledge, task level and typical activities required to perform the key responsibilities of the position, and does not incorporate any assessment of the personal attributes or performance of the occupant of the position.

(b) A Cost Centre Manager or a staff member may request the re-evaluation of a position in accordance with the Guidelines for the Job Evaluation of Professional Positions. A request for evaluation of a position does not normally occur unless the staff member has completed a Performance Planning & Review (PPR) discussion with their supervisor within the last twelve months and evaluation of a position does not normally occur more than once in any twelve month period.

(c) Should a staff member or the Cost Centre Manager not agree with the outcome of the evaluation, the matter may be referred for review to a member of University Executive that is not responsible for the work area. Written submissions can be made and the review will be conducted as expeditiously as practicable.

5.4.6 Academic Promotion

To be promoted is recognition that a staff member is consistently performing and achieving at a higher level than that to which they are currently appointed. Promotions take effect from 1 January in the year following the annual call for applications.

5.5 Abandonment of employment

Where a staff member is absent without prior notice or approval from the workplace in excess of 5 days and they fail to advise the reason or duration for the absence they may be considered to have abandoned employment and may lead to the termination of employment.

5.6 Unsatisfactory performance

Informal Meeting

(a) Where a supervisor or Cost Centre Manager is of the view that the performance of a staff member is unsatisfactory, the staff member will be counselled on the nature of the improvement required and the time within which reasonable improvement can be expected.

(b) Where appropriate, the staff member may be directed to undertake a course of professional development or other appropriate program(s) designed to assist in improving performance.

(c) A record of the counsel given will be kept and a copy supplied to the staff member concerned.

(d) The supervisor will withhold an annual salary increment from the staff member for the duration of the unsatisfactory performance process.

Formal Meeting

(e) Where a supervisor or Cost Centre Manager believes that counselling has not produced the desired improvements in performance, the staff member will be advised in writing as to the areas of performance that are considered unsatisfactory, the nature of the improvement required, the time within such improvement must occur, the date proposed for a review of the specific areas of performance, the availability of any relevant development or other resources to assist the staff member in improving, and the possible consequences, including dismissal, of unsatisfactory performance.

(f) No earlier than the date set in the written advice specified in the above clause, the supervisor or Cost Centre Manager will review whether or not the required improvement in the staff member's performance has been made.

(g) Where the supervisor or Cost Centre Manager is satisfied that the required improvements have been made, the staff member will be advised, in writing, and no further action will be taken under this clause.

(h) Where the supervisor or Cost Centre Manager believes that the performance of the staff member continues to be unsatisfactory, the Cost Centre Manager will advise the relevant Executive Member and provide them with a written report outlining the areas of performance seen as unsatisfactory, the record of attempts to remedy the problem, and the recommended disciplinary action in accordance with the following clause. A copy of this report will also be provided to the staff member who will have ten working days to respond to the report, including reasons why disciplinary action should not be taken.

(i) On receipt of the report and the staff member's response the relevant Executive Member may then decide to take no further action or refer the matter to the VCP, or nominee, who may then decide to take disciplinary action as follows:

(i) formal censure or counselling; or

(ii) demotion by one or more classification levels or increments; or

(iii) withholding of an increment; or

(iv) termination of employment.

(j) The VCP, or nominee, will advise the staff member in writing of any decision. Such a decision will take effect no earlier than ten working days from the date of the VCP's, or nominee's, written advice and the VCP's, or nominee's, decision will be final.

(k) Before the VCP takes any action under clause 5.6(i), an independent review of the process will be undertaken to ensure the principles of procedural fairness have been applied, including whether there were any mitigating circumstances and appropriate timeframes applied through the process, and a report will be provided to the VCP and the staff member.

(l) The independent review will be undertaken by an Independent External Reviewer, appointed by the VCP from a pool of suitably qualified Independent Reviewers. The pool of Independent External Reviewers will be jointly chosen by the University and Union. Either party may veto a second use of a particular reviewer on the basis of concerns about their fairness.

(m) Where the Independent External Reviewer determines that procedural fairness has not occurred, the VCP will ensure the steps of procedural fairness are undertaken before any disciplinary action is taken by the VCP.

(n) The staff member may choose to be assisted by a representative, in accordance with this Agreement, throughout the unsatisfactory performance process outlined above.

5.7 Misconduct and serious misconduct

(a) Before the VCP takes disciplinary action against a staff member for reasons amounting to misconduct or serious misconduct, the University will investigate the alleged behaviour and provide an opportunity for the staff member to respond to the allegations within ten working days.

(b) The staff member will be advised of the allegations in writing and in sufficient detail to enable the staff member to understand the precise nature of the allegations, and to properly consider and respond to them. The findings of the investigation will be provided to the VCP.

(c) At the time of notifying the staff member under clause (b), if the VCP is of the view that the alleged conduct amounts to conduct of a kind that it would be unreasonable to require the University to continue employment during a period of notice, the VCP may suspend the staff member with or without pay. The VCP may direct that salary be paid on the grounds of hardship or the staff member may engage in paid external employment or access leave entitlements for any period of suspension without pay.

(d) If the VCP determines that there has been no misconduct or serious misconduct, the VCP will immediately advise the staff member in writing, and any lost income from a suspension without pay will be reimbursed.

(e) Where the VCP is of the view that the conduct amounts to misconduct or serious misconduct the VCP will advise the staff member in writing of any decision and the operative date of any disciplinary action, which can include:

(i) formal censure or counselling; or

(ii) demotion by one or more classification levels or increments; or

(iii) withholding of an increment; or

(iv) termination of employment (for serious misconduct only).

(f) Before the VCP takes any action under clause 5.7(e), an independent review of the process will be undertaken to ensure the principles of procedural fairness have been applied, including whether there were any mitigating circumstances, and a report will be provided to the VCP and the staff member.

(g) The independent review will be undertaken by an Independent External Reviewer, appointed by the VCP from a pool of suitably qualified Independent Reviewers. The pool of Independent External Reviewers will be jointly chosen by the University and the Union. Either party may veto a second use of a particular reviewer on the basis of concerns about their fairness.

(h) Where the Independent External Reviewer determines that procedural fairness has not occurred, the VCP will ensure the steps of procedural fairness are undertaken before any disciplinary action is taken by the VCP.

(i) The VCP's decision will be final.

5.7.1 Serious Misconduct in Research

(a) Any allegation of serious misconduct or misbehavior in research will be considered by the VCP. If the VCP believes such allegations warrant further investigation the VCP will:

(i) Notify the staff member in writing and in sufficient detail to enable the staff member to understand the precise nature of the allegations, and to properly consider and respond to them;

(ii) Require the staff member to submit a written response within ten working days.

(b) At the time of notifying the staff member under clause (a), if the VCP is of the view that the alleged conduct amounts to conduct of a kind that it would be unreasonable to require the University to continue employment during a period of notice, the VCP may suspend the staff member with or without pay. The VCP may direct that salary be paid on the grounds of hardship or the staff member may engage in paid external employment or access leave entitlements for any period of suspension without pay.

(c) Where a suspension without pay has been imposed and the matter is subsequently referred to a Review Committee, the VCP will ensure that the Review Committee at its first meeting determines whether suspension without pay should continue. The Review Committee will provide advice to the VCP as to whether the suspension without pay should continue. During any period of suspension the staff member may be excluded from the University, provided that the staff member will be permitted reasonable access to the University for the preparation of the staff member's case and to collect personal property.

(d) If the allegations are denied in part or in full by the staff member, the VCP will give due consideration to the staff member's response. If the VCP determines that there has been no research misconduct or serious misconduct, the VCP will immediately advise the staff member in writing and any lost income arising from a suspension without pay will be reimbursed. However, if the VCP determines that the allegation/s warrant further investigation, the VCP will refer the matter to a Review Committee to provide advice to the VCP.

(e) The Review Committee will comprise a Chair agreed by the Vice-Chancellor and the Union local branch president, a nominee of the Vice-Chancellor and a staff nominee of the Union. The Committee will be established by the Vice-Chancellor (or nominee) and will meet as soon as practicable. The Committee will act in accordance with Schedule 5.

(f) The Review Committee will investigate the allegations and make findings as to whether or not research misconduct or serious misconduct has occurred and recommend what disciplinary action, if any, should be taken. The Review Committee will consider any mitigating circumstances when recommending disciplinary action. The Review Committee will provide a report to the Vice Chancellor, normally within 10 days from the establishment of the Review Committee.

(g) If the allegations are admitted in part or full by the staff member or the staff member fails to submit a written response, or on receipt of a Review Committee Report, and the VCP is of the view that the conduct amounts to misconduct or serious misconduct, the VCP will advise the staff member in writing of any decision and the operative date of any disciplinary action, which can include:

(i) formal censure or counselling; or

(ii) demotion by one or more classification levels or increments; or

(iii) withholding of an increment; or

(iv) termination of employment (for serious misconduct only).

(h) The VCP's decision will be final.

5.8 Managing ill health

5.8.1 Workplace Rehabilitation

(a) If a staff member becomes ill or injured, workplace rehabilitation may be available regardless of whether the injury or illness is work related, as early return to work through a formal rehabilitation program benefits both the injured or ill staff member and the University.

(b) Workplace rehabilitation will commence as soon as possible from the time of injury or initial treatment and will incorporate an accurate medical assessment and advice and may involve rehabilitation professionals.

5.8.2 Ill Health Termination

(a) The VCP may require the staff member, whose capacity to perform the duties of their position is in doubt, to undergo a medical examination by a medical practitioner chosen by the University and at the University's expense. The VCP will provide the staff member with written notice of not less than four weeks that a medical examination is required.

(b) Where the staff member applies to UniSuper, prior to the expiry of the period of notice, for a permanent disablement or temporary incapacity benefit in accordance with the rules of UniSuper, the requirement for a medical examination under sub-clause (a) will lapse immediately and no further action will, subject to sub-clause (c), be taken by the VCP under this clause.

(c) Where UniSuper approves a staff member's application for a permanent disablement benefit, the staff member will be deemed to have terminated their employment.

(d) Where UniSuper decides that the staff member, following a period of receipt of a temporary incapacity benefit, is capable of resuming work and the VCP elects to dispute this decision, the VCP can proceed under this clause without further recourse to the provisions of sub-clause (b).

(e) A copy of the medical report made by the medical practitioner in accordance with subclause (a) will be provided to the VCP and staff member. Within fourteen days of the medical practitioner's report being made available, the staff member may request the review of the medical report by another medical practitioner chosen by the staff member and agreed to by the University.

(f) If the medical examination reveals that the staff member is unable to perform their assigned duties and is unlikely to resume them within twelve months, the VCP may terminate the employment of the staff member under the notice required by this Agreement or offer the staff member the opportunity to submit a resignation.

(g) Where a staff member affected by this clause resigns due to medically certified ill health, the number of years of continuous service required to have been completed by the staff member before being entitled to accrued long service leave will be five years.

(h) The VCP may construe a failure by a staff member to undergo a medical examination under these procedures within four weeks of a written notification to do so, as evidence at face value that such a medical examination would have found that the staff member is unable to perform assigned duties and is unlikely to be able to resume assigned duties within twelve months, and may act accordingly.

(i) In making an assessment as to whether or not a staff member is unable to perform assigned duties and is unlikely to be able to resume them within a reasonable period, the medical practitioner appointed under sub-clause 5.8.2 a) or e) will as far as possible apply the same standards as are used by UniSuper in determining qualification for the payment of a permanent disablement benefit.

6. Leave

6.1 Absence from duty

Where a staff member is absent without prior notice and approval from the workplace, they will notify their supervisor immediately of the reason for and the expected duration of the absence.

6.2 Recreation leave

(a) Full-time staff are entitled to paid recreation leave, with an additional 17.5% loading, at the rate of four weeks each year. Recreation leave accumulates progressively during the year. Fractional staff are entitled to recreation leave on a proportionate basis. Where a staff member's leave entitlement equals or exceeds six working weeks, the staff member's supervisor can direct the staff member to take at least two working weeks of the leave entitlement within a three month period from the date of direction. The supervisor must give at least two months' notice to the staff member of such direction.

(b) Leave loading is equal to 17.5% of salary for the period of leave accrued and is calculated on the ordinary salary/wage rate of payment (excluding weekends, public holidays, overtime and penalty rates). Leave loading will be payable in the pay period immediately prior to Christmas.

(c) A staff member who has accumulated an equivalent of six weeks recreation leave may request to have a proportion of their recreation leave paid out. Where a staff member requests a pay out of recreation leave, a recreation leave entitlement equivalent to four weeks leave must be retained, and the staff member must demonstrate they have taken a period of recreation leave equivalent to the amount to be paid out in the preceding 12 month period. The maximum amount of recreation leave to be paid out in any calendar year will be two weeks.

6.3 Sick leave

(a) Full-time staff are entitled to paid sick leave for up to ten working days per year. Fractional staff members are entitled to paid sick leave on a proportionate basis. Sick leave is available twelve months in advance during the first year of service, and then accrues on a proportionate, cumulative basis.

(b) A staff member absent from work through illness must advise their supervisor as soon as practicable on the first day of absence. Applications for sick leave of four or more days must be supported by a certificate from a medical practitioner stating the nature of the illness and the period or approximate period for which sick leave is required. When a staff member is ill for three consecutive days whilst on recreation or long service leave, supported by a certificate from a medical practitioner no deduction of recreational or long service leave credits will be made for the period of illness. No re-credit will be granted to a staff member on recreation or long service leave immediately prior to retirement, resignation or termination of employment.

(c) A supervisor can request a staff member with a proven regular pattern of sick leave to provide a medical certificate for any sick leave taken in the six months following the supervisor's request. Staff who have used their full entitlement of sick leave, when supported by satisfactory medical certification, can access sick leave without pay. Where a staff member chooses, recreation leave entitlements may also be accessed.

(d) Where a supervisor has concerns about a staff member's ability to perform their normal duties on their return from a period of sick leave, they can request that the staff member provide a medical clearance certifying that the staff member is fit to resume normal duties.

6.4 Carer's leave

(a) Carer's leave is available for a staff member's absence to provide care and support for a member of their immediate family or household under their care when they are ill. A full-time staff member is entitled to up to five days paid carer's leave per year. Fractional staff will be entitled to carer's leave on a proportionate basis. Carer's leave is non-cumulative. Proof of leave for four or more days must be supported by a medical certificate from a medical practitioner or a statutory declaration stating the illness of the person concerned. In addition, a staff member is entitled to use any sick leave entitlement.

(b) A staff member may elect, with the approval of the supervisor, to take leave without pay, recreation leave, or hours accumulated under the flexible hours arrangement for the purposes of providing care to a member of their immediate family or household who is ill.

(c) Casual staff are entitled to unpaid leave of up to two days per occasion and must supply a medical certificate from a medical practitioner or via a statutory declaration stating the illness of the person concerned.

6.5 Bereavement / Compassionate leave

(a) Full-time and fractional staff members may be granted up to two days paid bereavement/compassionate leave on full pay, per occasion, when a member of their immediate family or a member of their household:

- (i) contracts or develops a personal illness that poses a serious threat to their life; or
- (ii) sustains a personal injury that poses a threat to their life; or
- (iii) dies.

(b) For a death outside Australia, staff are entitled to an additional two days paid bereavement leave for travel purposes. A staff member can be required to show supporting evidence.

(c) Casual staff may be granted bereavement/compassionate leave on an unpaid basis as described above.

6.6 Public holidays

(a) Staff are entitled to the following holidays, without loss of pay:

- (i) New Year's Day, Good Friday, Easter Saturday, Easter Monday, Christmas Day and Boxing Day; and
- (ii) The following days as prescribed in the relevant states, territories and localities: Australia Day, Anzac Day, Queen's Birthday and Labour Day; and
- (iii) Any additional day as observed in the State of Queensland.

(b) Substitute days:

(i) When Christmas Day or Boxing Day is a Saturday or a Sunday, a holiday in lieu will be observed on 27 December and/or 28 December respectively.

(ii) When New Year's Day or Australia Day is a Saturday or a Sunday, a holiday in lieu will be observed on the next Monday.

(iii) Where in Queensland, public holidays are declared or prescribed on days other than those set out above, those days will constitute additional holidays for the purpose of this Agreement.

6.7 University holiday - Christmas / New Year close down

Any work day between Christmas Day and the next New Year's Day, which is not a public holiday, will be treated as a day off without loss of pay or recreation leave credits.

6.8 Leave without pay

Leave without pay from employment with the University may be granted at the discretion of the supervisor and normally only after all recreation leave credits have been exhausted. If a continuous period of leave exceeds ten working days, the period of leave is not recognised as service for the purpose of calculating any entitlements. Superannuation payments are not made by the University for periods of leave without pay. For leave in excess of four weeks, the staff member's increment date is changed by the total period of leave. Public holidays which fall in the period of leave without pay form part of the leave. Leave may not be granted in broken periods separated by public holidays or by periods of long service or recreation leave.

6.9 Long service leave

(a) Staff who complete ten years continuous service are entitled to paid long service leave at the rate of 1.3 weeks per year and a proportionate amount for an incomplete year. Staff are to make an application for Long Service Leave at least six months prior to taking a period of long service leave. If less than six months notice is given, it is at the supervisor's discretion to approve the leave. Leave is normally taken in blocks of not less than four weeks.

(b) The University can direct a staff member with long service leave accruals exceeding eighteen weeks to proceed on long service leave for up to three months, at a time convenient to the needs of the University.

(c) A staff member who has an entitlement to long service leave may request to have a proportion of their long service leave paid out. Requests for the payment of long service leave must be for a minimum of four weeks and will be limited to one request per calendar year. Where a staff member chooses to have a proportion of their long service leave paid out they must retain a minimum entitlement of eight weeks.

(d) Upon termination of employment after the ten year qualifying period, staff will be entitled to receive payment in lieu of accrued long service leave credits not taken.

6.9.1 Recognition of prior service for long service leave

(a) The University will recognise up to five years long service leave credit for previous employment with another Australian university, the Commonwealth or State Public Service, or a Commonwealth or State Statutory Authority, provided there is no more than two months break in employment between the releasing institution and the University. The University will recognise the period of service with a releasing institution for which the staff member has received neither long service leave nor pay in lieu and for which employment involved duties closely related to those duties being undertaken at the University of the Sunshine Coast. Where a staff member has received payment by a previous employer for accrued long service leave or long service leave has been taken, the University will grant pro-rata long service leave after the staff member has been employed at the University for a minimum of three years. Where prior service is recognised, any long service leave subsequently granted by the University, or payment made in lieu of such leave, will be calculated as if such service had been service with the University.

(b) To be considered, an application for recognition of prior service must be made within three months of appointment.

6.10 Parental leave

(a) Parental leave (paid and unpaid) is available, in accordance with the relevant policy, for eligible staff when they become a significant or primary carer for a new child. A period of parental leave will count as continuous service for all purposes except for calculating recreation leave entitlements and superannuation contributions which are limited to the period for which paid leave is granted. Parental leave includes:

TYPES OF PARENTAL LEAVE	PURPOSE OF THE LEAVE	MAXIMUM DURATION FOR 12 MONTHS SERVICE	PAID/UNPAID	ELIGIBLE STAFF
PAID PARENTAL LEAVE	To be the primary carer of a new child.	Twenty six weeks	Paid	Staff that have completed twelve months service excluding staff appointed on a casual basis. Fractional staff will be eligible on a proportionate basis.
ADOPTION LEAVE	To be the primary carer of a new child (up to 1 year of age).	Twenty six weeks	Paid	
PARTNER LEAVE	To be the significant carer of a new child.	Ten days	Paid	
ADOPTION LEAVE	To be the primary carer of a child, other than a new child (between the ages of 1 and 5 years).	Thirteen weeks	Paid	
UNPAID PARENTAL LEAVE	To be the primary carer of a new child.	Fifty two weeks inclusive of any paid parental leave	Unpaid	

(b) Paid parental leave is granted on the understanding that the staff member will return to work at the end of the leave period for a minimum period equivalent to the period of leave. Non-casual staff returning from paid parental leave will normally return to the position occupied immediately prior to commencement of leave. When this is not possible, the staff member will be offered another comparable position with no loss of salary, tenure or classification.

(c) A staff member taking 12 months parental leave may request an extension of a further 12 months' unpaid parental leave.

(d) Casual staff are entitled to twelve months unpaid parental leave if they have been employed on a regular and systematic basis for at least twelve months, and there is a reasonable expectation that this will continue.

6.11 Other leave

6.11.1 Special leave

Full-time staff may be granted up to three days paid special leave in special circumstances. Aboriginal and Torres Strait Islander staff, and staff from other cultural backgrounds, may be granted an additional two days special leave for cultural or religious days of observance. Fractional staff may be granted special paid leave on a proportionate basis. Special leave is non-cumulative, accrues on the anniversary of commencement and is subject to the approval of the supervisor.

6.11.2 Domestic and family violence

(a) A staff member experiencing domestic and family violence in their personal life that affects their attendance or capacity to perform their work may be granted up to 20 days per annum paid leave to attend to matters including, but not limited to:

- (i) medical appointments and legal proceedings;

- (iii) other necessary actions associated with the violence.

(b) Staff may also use their accumulated sick leave to attend to necessary related matters.

6.11.4 Jury service

A staff member (except casuals) who is required to attend a Court for the purpose of jury service will be entitled to paid leave for the duration of such attendance. Any fees paid to a staff member by reason of leave to attend jury service will be payable to the University. Casual staff are entitled to unpaid leave for the purposes of jury service.

6.11.5 National sporting events

Full-time staff selected as national competitors, officials or umpires/referees to participate in major international and national sporting competitions may be granted five days paid leave each year. Fractional staff are entitled to leave on a proportionate basis.

6.11.6 Natural disaster

Where a staff member is prevented from traveling from their usual place of residence to attend duty as a result of floods, cyclonic disturbances, bushfires or earthquakes, three days paid leave per year may be granted. Where a staff member is required to return home to ensure their own safety, protection of their family or property, or availability of transport facilities which may later be disrupted or discontinued because of weather conditions, paid leave for the remainder of the day may be granted.

6.11.7 State emergency call out

Any full-time or fractional staff member who is a voluntary member of the State Emergency Service, Voluntary Fire Brigade, or similar organisation can take paid leave during an emergency declared by a recognised authority. Casual staff can take unpaid leave.

6.11.8 Trade union leave

Subject to the operational requirements of the relevant work area, a staff member who is nominated by the Union to attend a trade union training course, seminar or development activity including Council meetings, will be granted leave with full pay for the duration of the course, seminar or activity up to a total of five days in any one calendar year. Leave is non-cumulative. A staff member taking trade union training leave is required to give the authorising officer reasonable notice of the leave of absence.

7. Termination of employment

Except for casual appointments, termination of employment will only be made in accordance with the relevant clauses of this Agreement.

7.1 Payment on cessation of employment

Upon cessation of employment, a staff member's final salary will be paid into their nominated bank account on the next available payday. The University will be entitled to deduct any monies owing by the staff member to the University from any wages due to the staff member other than monies due to the staff member in lieu of accrued leave.

7.2 Notice periods

(a) Either the University or a staff member must give the following notice:

(i) Academic staff — sixteen weeks

(ii) Professional & ELICOS Teaching staff — five weeks

(b) At the discretion of the Cost Centre Manager a shorter period of notice for resignations may be approved.

(c) At the discretion of the Cost Centre Manager, payment for University instigated terminations may be made in lieu of notice and will be calculated on the staff member's salary (including allowances and loadings) at the date of ceasing employment. Payment in lieu of notice will be at nil pay for staff on leave without pay immediately prior to their termination.

7.3 Exemptions to notice requirements

The University may terminate without notice the employment of a staff member found to have engaged in serious misconduct such that it would be unreasonable to require the University to continue employment during the notice period. In the event of redundancy, the retrenchment package is made in lieu of any notice period.

7.4 Provisions for completion of fixed-term appointments

The University will advise, and the supervisor will discuss with, fixed-term staff about the impending termination or renewal of their contract, and this will be no later than five weeks before the end of their contract.

7.5 Redundancy provisions

(a) Where there is a need to reduce staffing, the University may identify one or more positions as redundant. The University will initiate consultation with affected staff about the reasons for the decision and about the criteria for determining redundant positions.

(b) The University will write to the staff member(s) concerned and advise that their employment will terminate due to redundancy and provide details of their retrenchment package. The retrenchment package will be calculated based on the staff member's salary at the date of cessation of employment and is provided in lieu of any notice period, access to a scheme of redeployment or other redundancy benefit. The package will be calculated as follows:

(c) For all academic staff, and for professional staff already employed in an ongoing position at USC at the date of approval of this agreement, the package will be calculated as follows:

(i) three weeks' salary per completed year of service with the University, excluding casual service, with a minimum entitlement of 18 weeks salary and a maximum entitlement of 52 weeks' salary;

(ii) an additional 34 weeks salary;

(iii) proportionate basis payment for long service leave calculated on completed years of service;

(iv) an additional 26 weeks salary.

(d) For professional staff commencing an ongoing position at USC after the date of approval of this agreement, the package will be calculated as follows:

(i) three weeks' salary per completed year of service with the University, excluding casual service, with a minimum entitlement of 18 weeks salary and a maximum entitlement of 52 weeks salary;

(ii) proportionate basis payment for long service leave calculated on completed years of service;

(iii) an additional payment of six months' salary.

(e) Where the University has given notice of retrenchment to a staff member, a fulltime staff member will be allowed up to the equivalent one day's time off work per week without loss of pay for the purpose of seeking other employment. Time off will be taken at times that are convenient to the staff member, after consultation with the staff member's supervisor.

(f) The provisions of this clause will not apply to fixed-term or casual staff.

8. Other conditions

8.1 Indigenous employment

(a) The University is committed to increasing employment and participation opportunities for Indigenous Australians and this objective forms part of the University's commitment to reconciliation with Indigenous Australian people.

(b) The University will provide a supportive working environment for Indigenous Australians and ensure University policies, procedures and guidelines are formulated with the view of eliminating racism in the workplace and ensuring the University is culturally responsive and responsible.

(c) The University has an Indigenous Employment Strategy developed through a consultative process involving representatives from the University and the Indigenous community. The Indigenous Employment Strategy will provide the framework to deliver programs and strategies supportive of and relevant to Indigenous Australians in order to improve employment outcomes.

(d) The University will express a percentage target for increasing overall Aboriginal and Torres Strait Islander employment in the Indigenous Employment Strategy. The aim of the target is to reflect the general principle that the workforce profile of the University will be a reflection of the diversity of the larger community profile in relation to Aboriginal and Torres Strait Islander People.

(e) The University will take active measures to achieve the target contained in the Indigenous Employment Strategy which will be in accordance with those set out in the ISAG Guidelines, which is currently 3%, as amended from time to time.

(f) In addition, the VCP has established an Indigenous Advisory Committee that is responsible to the VCP for taking active measures to support the Strategy. The Indigenous Advisory Committee comprises members of the Indigenous community, members of the local community and members of staff. All indigenous members of staff are invited to participate in the Advisory Committee.

(g) The Committee will be responsible to the VCP for monitoring the employment and participation initiatives aimed at ensuring that the percentage of Indigenous Australian staff members at the University is at least that outlined in the University's Indigenous Employment Strategy.

8.1.1 Indigenous language allowance

A staff member who has a recognised proficiency in any one of the Aboriginal or Torres Strait Islander languages and is required to use the recognised language as a position requirement will be paid an allowance as specified in Schedule 2. Indigenous language means a recognised proficiency in any one of the Aboriginal and Torres Strait Islander languages.

8.2 Workloads

8.2.1 Principles

(a) In developing the workload of each staff member both the staff member and supervisor will recognise a range of factors that will influence the type, level and load of the individual staff member. The workload will:

- (i) be consistent with the classification level and the skills, knowledge and attributes required of the position and the capabilities and capacity of the staff member;
- (ii) be reasonable, transparent and ensure equity across the work area;
- (iii) recognise roles outside work, including family responsibilities;
- (iv) provide opportunities for career development, including professional development, leadership roles and aspirations for promotion;
- (v) consider the health and wellbeing of staff is not adversely affected;

- (i) learning and teaching;
- (ii) research and research management; and,
- (iii) engagement.

(c) Workloads will be evaluated on an average across the year. Should the level of activity in one of the major areas above not meet the threshold level of the activity required, then the staff member may be allocated a higher level of activity or activities. Notwithstanding this, teaching delivery hours will not exceed the ranges provided in the table below unless otherwise agreed.

(d) Workload discussions with staff will be based upon their academic profile.

(i) A research focus profile will require the staff member to be primarily active in research associated activities, with participation in teaching and/or engagement;

(ii) A teaching and research profile will require the staff member to be active in teaching, research and engagement;

(iii) A teaching focus profile will require the staff member to be primarily active in teaching and teaching related duties, including scholarship, with participation in research and/or engagement.

(e) Any movement between the work profiles will be discussed during PPR.

(f) In consultation with staff, workload models based on quantitative standards for the allocation of teaching delivery and teaching-related workload will be developed and published by each School. The workload model will accurately reflect the time taken to do the work.

(g) Workload allocation will take into consideration the following factors:

- (i) The relationship between the work profile of an area and the total work to be done
- (ii) Specific characteristics and requirements of the discipline area
- (iii) Class size and consequent marking, coordination and consultation load
- (iv) Tutorial size
- (v) Mode of delivery
- (vi) Background of students in each class

- (vii) Whether the staff member is teaching in a course or subject for the first time

- (k) Allocation of academic work will also recognise the need for early career academics to have sufficient time to develop research activity. Early career academics will receive a teaching delivery allocation lower than that normally allocated to established academics, usually for a period of two years from their first fixed-term or continuing appointment at USC, or while on probation, whichever is longer.
- (l) Individual teaching loads may be adjusted according to research activity. This provision should be used as part of a systematic, equitable and open allocation of teaching within a School, and as a means of containing workloads.
- (m) The University will ensure that factors such as workplace health and safety, length of the working day and the provision of breaks are considered when allocating workload. Except when undertaking fieldwork, no staff member can be directed to teach more than five hours without a break, or more than seven hours in any one day.

The academic staff member may request to retain their current Teaching and Research Profile for a period of up to 12 months. The academic staff member must have a reasonable and practical plan to become Research Active within the 12 month period. This plan will form part of the PPR discussions.
- (q) If, at the end of the 12 month period, the academic staff member has not achieved Research Active status, the supervisor may confirm the staff member's movement into a Teaching Focused Profile.
- (r) An academic staff member who has a Teaching Focused Profile for a period of three years may request a Teaching and Research Profile. The academic staff member will be provided with the normal workload allocation applicable to a Teaching and Research Profile for a period of 12 months. The equivalent of the criteria for Research Active will be one-third of the three year requirement. Where the academic staff member does not achieve the equivalent research active criteria within 12 months the academic staff member may return to a Teaching Focused Profile at the discretion of the supervisor.
- (s) Research active criteria are published by the University. The University may only change the Research active criteria where the proposed change is the result of an appropriate consultation process as agreed with the NTEU.
- (t) A staff member may request an increased workload in one year and a lesser workload in the following year.
- (u) A staff member will not be required to teach on weekends without their prior and explicit agreement.
- (v) Unless otherwise agreed with the supervisor, a staff member will not normally be required to coordinate more than four courses in any one year.

8.3 Outside employment

Outside employment refers to any employment undertaken in addition to a staff member's duties at the University, including private practice, directorships and partnerships and work for another employer. For full-time staff and fractional staff with an employment fraction of 50% or more of the full-time equivalent, outside employment must be approved by the delegated officer, prior to commencement of outside employment. Any liabilities will be the responsibility of the staff member.

8.4 Overpayment

The University may recover any amount to which a staff member is not entitled by deducting amounts from the staff member's wages in subsequent pay periods.

8.5 Intellectual and academic freedom

(a) The parties are committed to act in a manner consistent with the protection and promotion of the principles of intellectual and Academic freedom within the University.

These rights are linked to the responsibilities of staff to support the role of universities as places of independent learning and thought, where ideas may be put forward and opinion expressed freely, and as institutions which must be accountable for their expenditure of public money. These rights are also linked to the responsibilities of staff outlined in the University's Code of Conduct.

8.6 Job security

The University is committed to retaining the services of, and offering ongoing opportunities to, existing staff wherever practicable. If reductions in staffing levels are required those reductions will be made as far as possible through voluntary measures and redeployment and forced retrenchments will only be used as a last resort.

8.7 Consultation provisions

8.7.1 Management of change

(a) When the University proposes to introduce one or more of the following:

- (i) a significant change to work organization; or
- (ii) a change that may result in the loss of one or more jobs; or
- (iii) contract out or outsourcing of work that is currently being performed by staff, it will initiate consultation about the need for change directly with affected staff, and where they choose, the Union in accordance with this Agreement.

(b) Consultation will cover the rationale for change; alternative strategies for dealing with the situation; identification of the potential adverse effects on staff, if any; strategies for avoiding or mitigating such adverse effects; the implementation plan (including the timetable and preferred measures for staff reductions), the criteria to be used in determining whether to accept applications for voluntary redundancy and whether a post implementation review is appropriate.

(c) The University will wherever possible implement alternative voluntary measures prior to job loss. These measures may include redeployment, flexible working arrangements, fractional appointments and voluntary retrenchment.

8.7.2 Roster change consultation

The University will make all reasonable efforts to ensure roster arrangements are filled on a voluntary basis. Where the University proposes to change the regular roster or ordinary hours of work of staff members (excluding staff members who have irregular, sporadic or unpredictable working hours), it will consult with the affected staff member. For the purposes of this clause, consultation means:

(a) providing affected staff with information about the nature of the change and the likely effects of the change;

- (b) requesting feedback from affected staff about the impact of the change (including any impact in relation to family or caring responsibilities, security concerns or transport arrangements);
- (c) giving prompt and genuine consideration to the staff member's feedback; and
- (d) where requested by an affected staff member, allowing the staff member to be represented.

8.8 Union facilities

- (a) The Union will be entitled to hold meetings with Union members during work breaks, provided that appropriate prior notice of meeting times and arrangements for such meetings are provided to the University.
- (b) The University will provide for the deduction of Union dues from salary at a rate or amount advised from time to time as payable under the Union's rules, where this has been authorised by the staff member either before or after the commencement of this Agreement. There will be no charge to the staff member for this service. The staff member or the Union are entitled to cancel the arrangement by advice in writing.

8.9 Staff supervision

- (a) A supervisor will provide leadership and is responsible for monitoring the performance of staff and providing support to staff whose performance is assessed as requiring improvement. Where possible, supervisors will be competent in the areas of expertise of the staff for whom they are responsible. Academic supervisors will normally be classified, where possible, at Level C or above on the academic stream.
- (b) Each staff member will have a supervisor who will normally be the head of the staff unit for academic staff, or the head of the section for Professional and ELICOS Teaching staff. On appointment to the University, the staff member will be informed in writing of the position designated as the staff member's. Written advice will also be provided if a staff member moves to another work unit or where restructuring warrants a change in supervisory arrangements.
- (c) A staff member may request the Vice-Chancellor and President (or nominee) to designate an alternative supervisor. These requests will be dealt with in a timely manner and the Vice-Chancellor and President (or nominee) may accede to these requests where a change in supervisor would remove potential conflict of interest or contribute to more harmonious relations within the work unit.
