Master of
Business by Research

UniSC

LOCATION	START
Sunshine Coast	
Fraser Coast	
Gympie	
Caboolture	

Pick an area of business you'd love to research and make a valuable contribution to knowledge in that area. You could even secure a great job from your research findings with an opportunity to apply them in the workplace.

In this program you will:

- Refine research skills and learn how to apply them in a practical research project.
- Have your research supervised by supportive and dedicated academics
- Pursue research related to business in the following areas: management and business; management, entrepreneurship and innovation; economics, finance and accounting; property economics and development; marketing; information technologies
- Use advanced research skills to investigate business problems and apply that research capability in your job

Career opportunities

- Specialist research
- Higher education institutions
- Commercial research

CRICOS Code
065370C

Duration
2 years
Only a full-time option is available to international students on a Student visa. Online programs are not available to Student visa holders.

Indicative 2024 fees
A$29,600
Annual fee

Tuition fees are reviewed each calendar year. The fee you must pay for a given teaching period is that which has been approved by UniSC for the calendar year in which the teaching period commences

Delivery mode
Blended Learning, Online

UniSC program code
BU801

Program structure

As a candidate you are required to conduct research that can be written up as a scholarly thesis.

A Higher Degree by Research (HDR) is a supervised research program that requires undertaking original research, resulting in a thesis, or a thesis and exegesis.

During the Master by Research program, Master by Research candidates are required to achieve several milestones that relate to their research training.

Milestones are program requirements and periodic assessments of candidature progression. Milestones are distributed throughout HDR candidature providing structure and mechanism for regular review and feedback on progress towards both the research project and attainment of the University's Research Graduate Attributes.

In addition to HDR program milestones, some candidates may also have:

- project milestones (such as external progress reports to third party funding providers) that they are required to contribute to; and
- scholarship conditions as specified in their scholarship conditions document
- Coursework (discuss with your proposed supervisor prior to applying)

Information on HDR milestones is available in the USC Higher Degree by Research Candidature Progression - Guidelines.
