- a) remove duplication of learning and promote a continuum of learning
- b) enable students to gain a qualification in minimal time provided that the quality, integrity and standing of that qualification is not diminished in the process
- c) contribute to the development of open, accessible, inclusive and integrated post-compulsory education systems
- d) facilitate student mobility between institutions, sectors, states and nations
- e) reduce the University's exposure to risk with respect to academic standards.

5. Context for credit transfer

Credit transfer will be provided by the University consistent with requirements and guidelines contained within the current versions of the:

- b) AQF – Qualifications Pathways Policy
- c) Provision of Education to International Students, Code of Practice and Guidelines for Australian Universities (Universities Australia)
