Committee/Board Reviews and Self-Reviews – Managerial Policy

1. Purpose of policy

This policy identifies the requirements for reviews and self-reviews of committees and Boards at the University of the Sunshine Coast.

2. Policy scope and application

This policy relates to reviews and self-reviews of various committees or boards at the University of the Sunshine Coast.

3. Definitions

Please refer to the University's Glossary of Terms for policies and procedures. Terms and definitions identified below are specific to these procedures and are critical to its effectiveness:

Portfolio Manager means the Vice-Chancellor and President.

Review Leader means the Chairperson of the Academic Board.

Review Officer is the Director, Governance and Risk Management

4. External reviews – rationale and frequency

4.1 External reviews are intended to contribute to identification and implementation of changes, developments and improvements that could be made in relation to a committee/board in order to strengthen its effectiveness.

4.2 An external review of the Academic Board (the Board) and its Standing Committees (Committees) will be held at least every five years.

4.3 External reviews of other University boards/committees as mandated by any external authority or legislation or as required by the terms of reference of a board/committee or as initiated by the Council or the Academic Board or the Vice-Chancellor and President or a Deputy Vice-Chancellor or a Pro Vice-Chancellor will be held consistent with any requirements of the relevant external or internal review-initiating authority or relevant terms of reference or legislation.

5. External review of Academic Board and its Standing Committees

5.1 Each external review of the Academic Board and its Standing Committees will be undertaken by a review panel, appointed by the Vice-Chancellor and President, the membership of which will comprise persons with no formal association with the Academic Board or the University.

5.2 The Academic Board will develop proposed terms of reference for each external review of the Board and its Standing Committees and recommend the proposed terms of reference to the Vice-Chancellor and President for approval by the relevant milestone date as published in the University's latest review schedule.

5.3 The terms of reference for the review must make clear that the review panel will undertake an evidence-based evaluation of the extent and effectiveness of the Board's and Committee's activities. This will include:

(i) how operations and outcomes contribute to achievement of the University's strategic academic objectives and targets;

(ii) whether practices and processes are consistent with higher education sector norms and expectations; and

(iii) how they contribute to the University's ongoing compliance with the Higher Education Standards Framework and other relevant external legislation or other requirements.

5.4 The review panel will provide independent advice and recommendations, derived from the evaluation, to assist the University, the Board and the Committees in identifying:
