3. Definitions

Please refer to the University's Glossary of Terms for policies and procedures. Terms and definitions identified below are specific to this policy and are critical to its effectiveness:

Actual Conflict of interest involves a direct conflict between a University Community Member's current duties and responsibilities and existing private interest.

Perceived or apparent conflict of interest can exist where it could be perceived, or appears, that a University Community Member's private interest could improperly influence the performance of their duties – whether or not this is in fact the case.

Potential conflict of interest arises where a University Community Member has private interests that could conflict with their official duties in the future.

Staff member means anyone engaged by or associated with the University and includes all permanent, casual, adjunct, honorary or contracted staff (whether full-time or part-time), volunteers or those holding University offices or who are a member of a University committee.

University Community means all staff members, students, consultants, contractors, volunteers, and external appointees of Council, boards and committees of the University.

- to protect the reputation of the University by maintaining ethical standards of good judgement, fairness and integrity in all its dealings;
- to ensure that employees always observe the highest standard of professional ethical conduct;
- to avoid any activity or interest that might reflect unfavorably upon a staff member's own integrity and good name, or upon the integrity and good name of the University;
- the University has a duty under section 6(d) of the Public Sector Ethics Act 1994, to ensure that any conflict of interest will be resolved or appropriately managed in favor of the public interest.

5. Identifying Conflicts of Interest

5.1 General Conflicts of Interest

7.1 A Staff member is to report the conflict in writing to their supervisor using a Declaration of Conflict of Interest Form (Appendix B). Where a conflict of interest arises during a meeting the Staff member is to declare the conflict verbally, which must be noted in the minutes of the meeting, and then subsequently in writing to their supervisor using a Declaration of Conflict of Interest Form (Appendix B), as soon as practicable after the meeting.

7.2 University Community members, other than Staff and Council members, must report the conflict in writing to the relevant University officer overseeing their activity or association with the University.

7.3 A Conflict of Interest Register will be maintained by the Office of the Chief Operating Officer. The register will contain copies of the Declaration of Conflict of Interest Form, or other written records of declaration, and copies of signed conflict of interest management plans. Access to the register is restricted to those employees who need it for official purposes.

7.4 Local level conflicts of interest are to be reported to, and managed locally, by the appropriate member of Senior Staff, via the supervisor of the University Community Member concerned.

7.5 University level conflicts of interest will be managed by the appropriate member of Executive staff through formal notification processes to the Vice-Chancellor and President or Chief Operating Officer.

7.6 Advice should be sought from senior functional experts, when managing either local or University level conflicts, as appropriate to the nature of the conflict.

Notifications regarding staff conflicts of interest will be stored on the staff member's personnel file as well as on the Conflict of Interest Register.

8. University Council Members

8.1 Principles

8.1.1 In keeping with the obligation of the members of Council pursuant to the University of the Sunshine Coast Act 1998 to 'act in the way that...is most likely to promote the university's interests', all Council members must act in good faith in avoiding both actual or potential conflicts of interest and the perception, whether founded or not, of a conflict of interest between the interests of the University and their own personal, professional and business interests.

8.1.2 To this end:

- a Councillors' Interests Register will be maintained by the Office of the Chief Operating Officer to record all of the relevant interests of Councillors;
- all actual, potential or perceived conflicts of interest of Council members must be declared by Council members at all meetings at which any matter is discussed involving the relevant conflict;
- the minutes of every meeting must record all such declarations.

8.1.3 Council has adopted the six major options for managing conflicts of interest as set out in the Crime and Corruption Commission (CCC)/Independent Commission Against Corruption (ICAC) publication, 'Managing Conflicts of Interest in the Public Sector':

- Register: All conflicts of interest are registered regardless of the management strategies adopted;

- Restrict: Restrictions are placed on a Councillor's involvement in a matter (eg refraining from taking part in discussion and/or decision making; having restricted access to sensitive documents or confidential information);
- Recruit: A disinterested third party is used to oversee part or all of the process that deals with the matter;
- Remove: The Councillor removes him or herself from any involvement in the matter (eg absenting oneself from discussion and decision making);
- Relinquish: The Councillor relinquishes the private interest that is creating the conflict; and
- Resign: The Councillor resigns from his or her position.

8.1.4 Council recognises that conflicts of interest do and will occur as a necessary part of business and commerce. This Policy deals only with how those conflicts are handled and the disclosure of interests, and actual, potential or perceived conflicts of interest, in accordance with this Policy are not intended to prejudice the position of Council members in relation to engagement in the ongoing business of Council. Nor is it intended that disclosures will preclude the relevant Council member from subsequent involvement in University activities.

8.2 Framework

8.2.1 Each Council member must, upon appointment, be provided with a copy of this policy.

8.2.2 A Councillors' Interests Register must be held and maintained by the Council Secretary.

This notification will be given by completing a Councillors' Interest Declaration (see Appendix A).

8.2.5 Each Council member shall have an ongoing obligation during their term of office to notify the Council Secretary of relevant interests or relationships as they arise that the Council member becomes aware may reasonably be expected to be, or result in, a conflict of interest (refer to item 5.3 above for guidance).

8.2.6 The Council Secretary is responsible to keep Council informed of all notifications made under this Policy, where they bear on the discussion of Council matters. Where an actual conflict of interest has been identified, Council members will be entitled to access the entry in the Register. Where a potential or perceived conflict of interest has been identified, the Council Secretary or Chancellor will advise Council members as to the existence of a potential or perceived conflict of interest. In such cases, access to the entry in the Register will be restricted to the Council Secretary and Chancellor.

8.2.7 There shall be a standing item on the agenda for each meeting of the Council, requiring Council members to declare conflicts of interest as contemplated by item 8.2.6 above.

8.2.8 Each Council member must identify when they have a conflict of interest with regard to any item on the Agenda for a meeting or arising in the course of the meeting.

8.2.9 All such declarations of conflicts of interest and the means by which Council determines that they be managed must be recorded in the minutes of the relevant meeting and an entry will be recorded in the Register by the Council Secretary and follow-up action taken as required.

9. Privacy

Recording and reporting conflicts of interest (actual, potential or perceived) may involve the collection, storage, use or disclosure of personal information. Any personal information collected, stored, used or disclosed under this Policy will be handled according to the University's Information Management Framework – Governing Policy.

10. Public Interest Disclosures

If a member of staff has knowledge that a conflict of interest may exist that may not have been disclosed, they should discuss the situation with a relevant supervisor or member of Senior Staff, or consider taking action under the University's Public Interest Disclosures – Governing Policy.
