Welcome to the Best of Both Worlds

Open Day 2013

Program:

Tour the Campus
Attend Course Information Sessions
Meet Staff and Students

Sunday 11 Aug
10am-3pm

Open Day is your chance to discover everything that your university has to offer. Tour the facilities, attend information sessions, meet staff and students, find out about the 100+ undergraduate and postgraduate programs on offer and get a taste of student life. Plan your day using the program inside.
Get the most out of USC

in 5 easy steps

Step 1: Get answers to your questions
Visit the information displays across campus between 10am and 3pm (refer to page 2). Talk one-on-one with teaching and support staff and students; about everything to do with studying at USC.

Step 2: Get involved!
Check out the activities and demonstrations across the campus (refer to pages 3 and 4). You'll be able to explore our state-of-the-art facilities, learn Indonesian in 60 minutes, be on the scene of a simulated car incident, have a go at expressive therapies in counselling, play the property game, roam the Art Gallery, design the ultimate suburb, watch drama performances and much more.

Step 3: Take a seminar
Information sessions will run between 10am and 3pm, covering many areas of the University. Go to pages 5 and 6 and choose the ones that interest you.

Step 4: See the sights
Explore the campus from a student's perspective. Visit the award-winning Library, the three privately-owned student accommodation complexes, the Student Guild Uni Club, and tour the stadium, pool, gym, track and fields at the USC Sports Precinct. You can also discover the bush tucker growing on campus.

Step 5: Soak up the atmosphere
USC will be buzzing with live entertainment and activities at the Main Stage, J Stage, and across campus. You can relax with friends—or make new ones—and get a taste of life as a USC student.

Program for parents and carers

When your child starts uni, it's a family affair!
Find out how to best support your student through their transition to university.

Postgraduate Studies

Finished your degree and want to take your studies further? USC's expanding range of postgraduate programs provides the opportunity to enhance your promotion opportunities or change career direction. Visit the information displays in Buildings C, H and M where staff can answer your postgraduate enquiries. For postgraduate information sessions refer to the timetable on pages 5 and 6.

Information for all study areas

Source: University of Southern Queensland
**Program information**

**Building C Level 1**
- Business and IT
- Communication and Design
- Humanities and Social Sciences
- Law

**Building H**
- Education
- Health
- Science

**Building M**
- Engineering
- Paramedic Science

**Innovation Centre:** Hungry for new ideas and real world experience? Give your career a kickstart by connecting with the Innovation Centre (IC), a University of the Sunshine Coast company. The IC is on campus and home to more than 25 innovative businesses in the digital, cleantech, creative industries and professional services sectors. There are plenty of employment, internship and learning opportunities at the IC for USC students of all disciplines.

**USC Gympie:** explore your study options at USC Gympie. In 2014, students can choose from Nursing Science, Primary Education, Commerce (Accounting), Business, the Tertiary Preparation Pathway and Headstart Program.

**Accommodation:** Explore your accommodation options. Make sure you also take a tour of the three student accommodation complexes (refer to “Take a tour” below) and attend the information session (refer to pages 5 and 6).

**Student support:** USC’s support staff know how to help you get the most out of your degree with their suite of support services, including study skills, counselling, peer mentoring, and health and wellbeing programs. Learn how you can prepare for university study by participating in pre-semester courses in academic writing, study skills and computer basics.

**Career Connection:** Need some career guidance or employment advice? Discuss your options with our career counsellors. Investigate the opportunities for you to gain experience through Work Integrated Learning and internships as part of your degree. Also check out the two career assessment workshops (refer to page 3).

**Disability support:** Don’t let a disability or learning difficulty stand between you and a degree—we won’t. USC is committed to providing equity of access, support and participation to all students. Find out about our range of disability support services and facilities available to you.

**Campus safety and transport:** (FIRST AID) Find out about parking, security, and personal safety on campus, as well as various transport options to and from campus, including USC’s express shuttles from Noosa, North Lakes and Gympie.

**Tent outside Building B**
- Development Office and Alumni Relations: For USC graduates visiting on Open Day, stop by to update us on what you are up to. For future students, speak with graduates about their USC experiences and careers. Learn how the community is supporting the University with initiatives such as the Starfish Program.

**USC Sport:** Sports Stadium and Building T
- Shuttle bus departs every 30 minutes between 10.30am and 2.30pm
- Bus Interchange (final collection from the accommodation complexes to return to USC is 2.45pm)

Catch the shuttle bus to the USC Sports Stadium to check out the range of sporting, athletics and recreation facilities, and meet the USC Sport staff. Time your visit to also tour the nutrition and dietetics kitchens or occupational therapy simulation unit in Building T (refer to pages 3 and 4).

**Uni Club tours by USC Student Guild**
- Depart at 11am, 12nn and 1pm
- USC Student Guild tent behind the Library

Come and tour the Guild’s facilities, where as a student, you will be able to access events, free barbeques, second-hand textbooks and lots more.

---

**Behind the Library**
- **Global Opportunities (GO) Program:** Discover how USC’s GO Program can give you the opportunity to study overseas as part of your degree. USC has around 70 partner institutions in North and South America, Asia, and Europe. You’ll also hear about grants and scholarships available to assist with travel costs.
- **USC International:** For international students, get assistance about applying to USC.
- **Student life:** Check out the displays and demonstrations by USC student groups, clubs and societies. Speak with representatives from the USC Student Guild, Performing Arts Collective, enactus and other student groups.

---

**Campus tours**
- Every 15 minutes between 10am and 2.45pm
- Campus Tour tent near Building C

See the campus from a student’s perspective. One of our friendly current students will take you around the facilities, sharing their stories and experiences along the way.

**Sustainability tours**
- Depart every 30 minutes between 10.30am and 2.30pm
- ‘Grow a sustainable future’ tent near the Brasserie

Learn about sustainability initiatives at USC, and how you can integrate sustainability in to your home. At the end of the tour you can pot your own native seedling to inspire you on your own journey of sustainability!

**Cultural ’bush Tucker’ tour of campus**
- 11am (1hr)
- Campus Tour tent near Building C at 10.55am

Local Gubbi Gubbi man Lyndon Davis will provide a walking tour of the campus grounds. As a descendent of the traditional custodians of the land on which USC stands, Lyndon will share his local cultural knowledge about the native plants, animals and bush tucker found across the USC campus.

**Library tours**
- 11am, 12nn and 1pm
- Information Desk (Level 1, Library)

Join a tour of the award-winning Library and find out about the resources and services available to USC students, school students and the community.

**Accommodation tours**
- Every 15 minutes between 10am and 2pm
- Bus Interchange (final collection from the accommodation complexes to return to USC is 2.45pm)

If you’re thinking about moving closer or if you’re new to the Sunshine Coast, get an insider’s perspective by visiting the three privately-owned accommodation complexes located next to the campus: The Village, UniCentral and Varsity Apartments. Catch the shuttle bus or go anytime by following the walking paths to the complexes – it takes only 5 minutes (refer to map on back cover).

---

**Information Displays**
- Building C, Ground floor

- Admissions: Find out all there is to know about getting in to university, the entry pathways, how to apply and the Access USC Bonus Scheme. Have the QTAC application process explained to you by a QTAC representative.
- Fees: Get all sorts of advice about the cost of university, the Higher Education Loans Program and how to pay for tuition fees.
- Scholarships: Find out how a scholarship or bursary could make investing in your future even easier.
- Headstart Program: Find out how students in Year 11 and 12 at high school can study university courses while at school.
- Tertiary Preparation Pathway: TPP provides an alternative entry pathway to university. If you don’t have an OP or meet the formal admission requirements, talk to staff about TPP.
- Tertiary Enabling Program: Need extra help in your undergraduate studies? We provide additional support for chemistry, statistics, biology, physiology and mathematics.
- TAFE: Find out about dual awards—combining vocational training at TAFE with a university education and entry pathways from TAFE to university. Speak with representatives from Southbank Institute of Technology, Wide Bay Institute of TAFE and Sunshine Coast Institute of TAFE about their partnerships with USC.
- Sunshine Coast University Hospital: Learn about the major expansion and growth in the Sunshine Coast Health Service District, and the various employment opportunities.

---

Get answers to your questions at our displays between 10am and 3pm.
Discover for yourself what it’s like to study at USC.

10.30am **Indigenous Services**
Welcome to country The Gubbi Gubbi dance troupe will perform a Welcome to country to commence the 2013 USC Open Day, including local Gubbi Gubbi history—telling and a traditional dance performance. 

10am and 12.30pm **Education**
Classroom capers Managing a class of students can be challenging. Watch how student-teachers demonstrate techniques and strategies to engage their class in learning.

10am and 12n **Indonesian**
Learn to speak basic Indonesian in 60 minutes The ability to speak an Asian language is highly advantageous for your future career opportunities. Indonesia is only one hour from Australia’s northern coast and has a thriving population of over 240 million, sharing a vast cultural and natural diversity. See how much of this intriguing language you can master in 60 minutes and get a taste of how exciting your future could be! Sampai jumpa di loka karya! (See you at the workshop!)

10.30am **Politics and international studies**
Political participation workshop Want to change the government’s mind? Want to change a government? Learn how to become a more active citizen at this session.

10.30am **Public relations**
Shhh... behind the scenes of media power Do you have a cause you wish to advocate? Are you concerned about human rights, community and environmental issues? Do you know how mass media can be deployed to ‘sell’ various social and political causes? Experience the invisible power of public relations to influence the media and shape public opinion.

10:30am **Biomedical science and clinical exercise science**
A healthy heart for a healthy life Looking after your cardiovascular system (heart and blood vessels) is essential to maintaining a long and healthy life. Check out the short workshop by USC’s biomedical science discipline on the structure and function of the human cardiovascular system. Learn about the anatomy of the human heart and major blood vessels, and how blood is pumped around the body. You will also be given an overview of how medical scientists test for abnormalities of heart function, why blood is collected to determine your good and bad cholesterol levels, what a myocardial infarction (heart attack) is, and why people have to take medications for high blood pressure.

10.45am, 12.15pm and 2.15pm **Occupational therapy**
Live life your way Discover how occupational therapy students use techniques and equipment in their purpose-built simulation unit and clinic space to aid those living with social, health or environmental dilemmas. Current USC students will tell you about their program, work experience opportunities and facilities (catch the shuttle bus or meet at the Occupational Therapy display in Building H at 10:30am, 12nn and 2pm to walk over in a group).

11am and 1pm **Sport and exercise science**
Max VO2 test The sport and exercise science technicians will conduct a max VO2 test on a trained adult. Sport and exercise science academics will be on hand to interpret the test data in real time. Come along to witness this fundamental exercise test live, up close, and sweaty!

11am and 2pm **Justice and legal studies**
Why crime does not pay Be entertained, intrigued and informed as you learn about some real life crimes and the role of the justice and legal system.

11am and 1pm **Career assessment workshop**
You can complete career assessment tests and professional career advisers will assist in researching the right degree and career path for you.

How to locate rooms on campus The University has a naming convention for tutorial rooms, lecture theatres, computer laboratories and offices on campus. The numbering system identifies (in order) the building, the level, and the room number. Example: KG.46 is Building K, ground floor, room 46. Lecture theatres are identified by the letters LT and a number. Example: LT7 is Lecture Theatre 7. (Refer to map on back for lecture theatre locations)

11am, 12nn, 1pm and 2pm **Regional and urban planning**
Ultimate suburb design challenge As regional and urban planners you will negotiate the challenges of planning a Sunshine Coast suburb that is environmentally sustainable, economically viable and community friendly. Against the clock you will need to find the right balance of planning and development to ensure your suburb stands the test of time.

11.15am and 2pm **Italian**
‘Parliamo italiano’ – Learn basic Italian in just 20 minutes Bend your tongue to this beautiful language in just 20 minutes. With no previous knowledge required, you’ll be introduced to some basic language, culture and history by an Italian lecturer.

11.30am **Property economics and development**
Playing property Test your knowledge and try your luck at buying and selling houses and commercial property with USC’s property economics and development staff.

11.30am **Information technology**
Imagination, technology and business success More than 50 per cent of the Fortune 500 businesses (the most successful businesses in the world) are technology-driven and most of them started from a dream. Discover with us the dreams that will soon be reality!

12noon **Indigenous Services**
Meet your mob Join staff and students for an informal yarn at the Buranga Centre to discover the services, resources and support that are available for Aboriginal, Torres Strait Islander and South Sea Islander students at USC, as well as hearing personal experiences of university life from current Indigenous students. Buranga Centre (on until 2pm)

12:30pm **Paramedic science**
First on the scene Be on the scene of a simulated car incident when current paramedic science students arrive to assess and treat the injured. A qualified paramedic will guide you through the steps taken by the emergency response team. The Careflight helicopter will also be visiting USC (subject to operational requirements). Come down to USC’s lake area to speak with the crew and look at the specialised equipment used to treat sick and injured patients.

12pm **Politics and international studies**
Forum: International politics and human rights Justice served or justice denied?

12.30pm **Biomedical science and nutrition and dietetics**
Know the score—how to beat type 2 diabetes Type 2 diabetes is on the rise in the Australian population, with nearly 60 Queenslanders being diagnosed with this chronic disease each day. Diabetes Queensland are currently running a program called ‘Know the Score’ that has been designed to develop community awareness about type 2 diabetes. Come along to a short presentation by Diabetes Queensland volunteers and learn about risk factors associated with diabetes and how to assess your personal risk for developing type 2 diabetes.

1.30pm **Marketing**
Branded—What your stuff says about you Brands are powerful. They tell others a lot about who you are, what you believe in and who you aspire to be. Brands are more than a catchy slogan or symbol. Take a sneak peek into the marketer’s toolkit and learn how to create brands that connect into the psychology of the consumer.

1.30pm **Creative writing**
How to write, design and illustrate a book—children’s books and the graphic novel
Examine children’s books and the graphic novel to discover how to write, design and illustrate a book. Multiple literary award winning team, USC’s Associate Professor in creative writing, Dr Gary Crew, and lecturer Dr Rosie Watkins will showcase their recently published fiction book, The boy who grew into a tree.
All day (10am–3pm)

Activities and Demonstrations

Accounting and Financial Planning
The financial health game How well can you score in this interactive game? Learn more about the diverse career options from studying accounting.
At display in Building C, Level 1

Journalism studio
Discover how a real news studio operates The journalism studio is a functioning news room with all the lights, cameras and audio equipment.
(closed 12-12.45pm) DG.39

Photography studio
The photography studio showcases the work of computer-based design students. Watch how photos are taken in a studio setting and how software is used to manipulate the image for visual design.
(closed 12–12.45pm) DG.39

Education on display
Investigate what studying education is all about Flick through student work and check out the displays of various courses and programs in education. HG.52

Early Childhood Education
Play-based learning activities Education students will provide play-based learning activities for children. All are welcome to attend (please note, children must be attended by their parent/guardian at all times).
Grassed area behind Building H

Clinical Exercise Science
Exercise is medicine Watch an ABC Catalyst story and speak with academic staff to learn how to become a practitioner using exercise as medicine.
(closed 11–11.30am and 1-1.30pm) HG.18

Nursing and Midwifery
The ward Step into our hospital ward and discover why nursing and midwifery is one of the most popular programs at USC. Explore the facilities and speak to staff about the programs.
HG.08

Psychology
The big brain theory Why do people behave the way they do? Come along and learn about the fascinating science behind human behaviour! Take a personality test and see if you can work out the tricks behind visual illusions. Speak with staff about studying psychology and the range of career options available.
DG.45

Japanese
What's that mean? Write your name in Japanese In Japanese script, or kanji, tsunami means ‘bay wave’ and earthquake (jishin) means ‘shaking ground’. Investigate the kanji meaning of your name with USC staff who will help write your name in Japanese characters, either as a henna tattoo or painted poster.
Join us in ‘Kanji callisthenics’ to help you relax and learn to count and write in Japanese.
C.1.40

Sociology
Visualising sociology Come and learn how sociology explores, develops and communicates rich understandings about the social world through visual media.
C.1.39

Counselling
Exploring expressive therapies Join us in the Counselling Studios: to try out some expressive therapies that can be used in counselling practice. These therapies include modalities such as music, art, sand tray, mandala and expressive writing.
DG.46

Science and Health
Living to learn Explore the displays in Building H, witness demonstrations or join in on the activities! You can investigate your study options in science, nursing, midwifery, biomedical science, environmental science, occupational therapy, and sport science.
Building H

Paramedic Science and Physics
What’s the ‘matter’? Fascinated by physics or pining for paramedics? Check out the physics lab and neighbouring paramedic science facilities in Building M. Make sure you don’t miss the simulated car incident ‘First on the scene’ at 12.30pm (refer to page 3).
Left side of Building M

Engineering
Engineering a difference Explore the engineering facilities to observe and participate in materials testing, hydraulics and soil engineering applications. You’ll also view examples of student work and 3D printing.
Right side of Building M

Visit the Co-op Bookshop
Browse the extensive range of general reading books, textbooks, USC merchandise and giftware. Ask about our exclusive member discounts!
Ground floor, Building J

Explore the USC Library
Browse through the print and electronic collections and study facilities. Library staff are available to answer questions about Library services and resources. Alternatively, take a Library tour at 11am, 12m or 1pm (refer to ‘Take a Tour’ on page 2) Library

Visit the Art Gallery
View the current exhibitions: INASA by Sunshine Coast artist David Howard, GO Journal highlighting the Global Opportunities Program and an exhibition by Engage Labs Inc. The Engage Labs Inc. researches build on technologies that are familiar to users such as social networking sites, computer games and smart phone applications. The projects aim to use smart technology to find original solutions to social issues. Art Gallery

Student life
Check out the displays and demonstrations by USC student groups, clubs and societies, and discover how you can enrich your student experience at USC. Speak with representatives from the USC Student Guild, Performing Arts Collective, enactus and other student groups.
You can also find out about studying part of your USC degree overseas at one of USC’s 70+ partner institutions. Taste some international treats, watch the slide show, flick through photo books, and speak with students who’ve recently returned from studying overseas on USC’s award-winning Global Opportunities (GO) Program.
Behind the Library, between Buildings D and I

USC Sport
Whether you’re a high-level competitor or recreational sportsperson, USC Sport has something for everyone. View our state-of-the-art facilities, including the Sports Stadium, international-standard athletics track, gym, 50-metre heated swimming pool and multi-purpose playing fields. Take the shuttle bus from the Bus Interchange (refer to ‘Take a Tour’ on page 2) or walk along Alumni Way (refer to map on back cover).
Sports Stadium

Soak up the atmosphere
Take a breather from all the action at one of the stages on campus. Enjoy the packed program of entertainment, performances, activities and demonstrations on the Main Stage, and great musical entertainment on the J Stage. Make sure you grab the stage program on your arrival at USC Open Day, or download it beforehand at usc.edu.au/openday.
Main Stage, near Building H and J Stage, near Building J

Use this colour legend to easily find sessions, activities and displays for your area of interest.

**Realise your ambitions**

An OP is not the only indicator of your potential. Employment experience and/or academic and vocational qualifications may be used to support your university application. You can also complete USC’s free Tertiary Preparation Pathway (TPP) over one semester which guarantees you entry to most of our degree programs. Once enrolled in a degree program, if you still have concerns about adapting to university life, the free Tertiary Enabling Program (TEP) allows you to up-skill and refresh your knowledge in a range of key areas, without impacting your overall university grades. Refer to pages 5 and 6 for TPP and TEP information session times.

- Duration: 20 minutes
- Building: I
- Lecture theatre or room: LT4

### Regional benefits

If you live on the Sunshine Coast or in the surrounding council areas of Gympie, Moreton Bay, Somerset, Fraser Coast and South Burnett, USC is your local university. To look after locals, USC’s Regional Preference Scheme gives your OP a boost of one position for entry to any of USC’s 70+ undergraduate programs. For example, an OP 6 will be accepted for entry to an OP 5 program. No OP? No worries. Your Rank will be increased by two (for example, a Rank of 81 will be treated as an 83).
