Rise, and shine...
at USC

At USC, sunrise takes on a new meaning. As dawn breaks on each new day we’re reminded that what we choose to do today will make all the difference. We will transform lives.

Challenging convention, relentlessly pursuing excellence and putting students at the forefront of everything we do ... these are the reasons USC’s students and graduates are some of the happiest in Queensland.

Become a USC student and you’ll become part of a university that invests in you. You’ll learn from the best, use the latest educational technology and be personally supported by real relationships with your teachers and peers.

Make a choice today that shines a light on your future. Rise, and shine at USC.

WHY CHOOSE USC

5-star ratings from graduates
USC graduates have given USC a five star thumbs up for the quality of our teaching for ten years in a row. They’ve also told us that the quality of teaching and the personalised attention they receive makes all the difference to their overall satisfaction and the skills they gain from study.

Flexible learning
Learn whichever way works best for you with multiple campus locations, blended learning modes and staff to student ratios that give you inclusive, personalised support.

Work and overseas study opportunities
USC networks and partnerships provide you with opportunities for work placements and overseas study.

Cutting-edge teaching
As a USC student you’ll learn from educational leaders who are committed to student-centred learning. You’ll also be surrounded by innovative learning facilities, many of which are the first of their kind in education.

World-class research
USC’s international reputation for research is growing every year with 14 research fields now rated at world standard or above. This means that you’ll be learning from front-runners in your field in an environment where you’re surrounded by people at the leading-edge of discovery.
Options for entry
You don’t need to be fresh out of school to score a place at uni. USC has lots of entry options so if you want to study with us, we’ll find a way to help make it happen.

Scholarships
Each year USC awards more than 950 scholarships and bursaries to help ease the costs of university study and give you the freedom to focus on achieving your best.

Support
At USC you’ll find the support you need to stay focussed on your studies. Academic and IT support, mentoring and wellbeing services, it’s all right here to help you shine.

Graduate ratings are provided by the 2016 Australian Good Universities Guide.

Research ratings are provided by the 2015 Excellence in Research for Australia (ERA) assessment.
Many USC programs include courses that can be completed at any campus and some are also available through off-campus study hubs. This means you’ll have the flexibility to choose a study location that works for you. Some degree programs let you complete your first year closer to home, then transition to another campus to finish your degree.

**USC Sunshine Coast**
Flagship campus at Sippy Downs
- 100+ full degree programs
- Immersive educational environments; interactive learning technology; hands-on simulation labs
- Student support; IT services; computer labs; collaborative spaces
- Full service campus with shops, cafés and sporting precincts
USC Express shuttles connect some USC locations and major transport hubs. Hop aboard one of the daily services that run during teaching weeks and save yourself some fuel and parking expenses.

- Full degree programs in Business, Management, Marketing, Commerce, Accounting, Nursing and Education
- First year courses across a selection of programs
- Interactive learning technology; hands-on simulation environments
- Student support; IT services; computer labs; collaborative spaces

USC Fraser Coast
Hervey Bay
- Full degree programs in Business, Commerce, Nursing, Education, Human Services and Sports Studies
- Interactive learning environments
- Student support; IT services; collaborative spaces
COMPLETING YEAR 12
Current Year 12 students apply online through the Queensland Tertiary Admissions Centre (QTAC). Your application is assessed on your OP or Selection Rank. If you’re considering a gap year you still need to submit your QTAC application to secure your place.

Choosing your program
You can select up to 6 options on your QTAC application. Talk to a USC program adviser about selecting the best programs for the career you want. They can help you work out what will work best for you and make sure you’ll meet the admission requirements for your selections.

Early Offer Guarantee
Are you doing really well at school? Got what it takes to succeed at university? You could have your place at USC sorted in November with a USC Early Offer Guarantee. No need to wait for your Year 12 results or the QTAC offer round in January. Visit our website or speak to your school principal or career advisor.

Need a back-up plan?
If you’re concerned that your Year 12 results might not be enough for your preferred program, consider USC’s Tertiary Preparation Pathway. In as little as six months you could be well on your way to earning the degree you want.

Can’t wait to start Uni?
With USC you can study uni courses as you complete Year 11 and 12. Start working towards your degree and you could earn a guaranteed entry to most programs at USC. Ask USC about Headstart and Integrated Learning Pathway programs.

NOT A SCHOOL LEAVER?
Non-school leavers also apply through QTAC and your application will be assessed on prior study, professional qualifications and work experience. You may be required to complete a Special Tertiary Admissions Test (STAT).

Not sure if you’re ready for uni?
USC’s Tertiary Preparation Pathway (TPP) is a great way to brush up your study skills and get ready for uni. Even better, TPP is fee-free to domestic students and successful completion of the program will provide direct entry to most USC degrees.

Coming from TAFE or another uni?
Your prior study will strengthen your application and may count toward your USC degree. USC also offers a range of dual programs in conjunction with TAFE QLD. Ask USC about credit for prior learning and TAFE articulation.

Raise your OP or Rank: The Access USC Bonus scheme may just give you the edge you need to earn a place in the degree program of your choice. Through Access USC or the QTAC Educational Access Scheme you may be eligible for a bonus of up to 3 OP points or 6 ranks. Visit USC online for more information.

usc.edu.au/pathways

Get yourself ready for university
Ready to try studying but not quite prepared to launch into a degree? USC’s Tertiary Preparation Pathway can be a great way to get started. Whether you need to brush up your academic skills, improve your eligibility for admission requirements or just want a taste of university life, a fee-free* TPP course can help you rise, and shine.

* Tuition fees apply for international students.

I had this preconceived idea that university is for smart people but I did not have thoughts like “I’m in the wrong place” or “I am not smart enough to be here” mainly because I felt prepared due to completing TPP. It gave me a great grounding and I can highly recommend everyone do it.

Chris Bailey
Bachelor of Social Sciences (Psychology)

APPLY NOW!
Complete the TPP program and you can gain direct entry to most USC programs. Visit usc.edu.au/tpp for more information.
When you study at uni, you’re making a personal investment. You’re investing your time and effort in your future. There’s a financial cost too and at USC we understand that sometimes it can be a challenge to make it all work.

Scholarships give you freedom to focus on your study and, at USC, they aren’t just for high achievers. Scholarships and bursaries are also awarded to students who might need financial assistance or those who demonstrate other achievements such as sporting excellence or community activity.

There is only one application form to submit to be considered for the many USC scholarships on offer. So what are you waiting for? Apply now and find the support you need to rise and shine.

In 2015 USC awarded more than 950 scholarships.
Find one that’s right for you.

usc.edu.au/scholarships

Financially the scholarship has been a great help to me. It has meant that I can dedicate more time to my studies instead of having to try and get more casual work while studying. Also, this scholarship gave me the benefit of tutoring for each of my subjects which was a major help in achieving the best results possible.

Alice Meninga
Bachelor of Environmental Science
Recipient of the Australian South Sea Islander Community Foundation Scholarship valued at $5,000
Find the degree you need to get the career you want.

- Bachelor of Business / Bachelor of Science

GRADUATE ENTRY
- Bachelor of Business (Honours)
- Bachelor of Commerce (Honours)

Creative Industries, Design and Communication

- Bachelor of Communication
- Bachelor of Creative Industries
- Bachelor of Creative Writing
- Bachelor of Design
- Bachelor of Design and Communication
- Bachelor of Design and Marketing
- Bachelor of Journalism
- Diploma in Languages
- Bachelor of Public Relations
- Bachelor of Serious Games

STUDY USC 2017 UNDERGRADUATE DEGREES
Some of my best friends I met at USC’s Welcome Party while we were standing in line. That night we danced, ate and made heaps of friends. I love travel, the outdoors, rock climbing, hiking and camping. I joined USC Activate on campus in Welcome Week and have already been on camping and rock climbing adventures.

I want to be able to make a difference in children’s lives. I value how very young children are educated. It’s important that as each child develops they get the love, nurturing and care they need to reach their potential.

Brittany Cooley
Bachelor of Early Childhood Education
# USC DEGREES AT A GLANCE

**Take your skills to the next level**

In a world of rapid change and increasing competition, a postgraduate qualification can give you the skills and confidence to take your career to the next level.

At USC, your postgraduate experience will build on the knowledge you’ve gained from your undergraduate degree or the skills and experience you’ve built through your work history. USC postgraduate programs offer flexible delivery including on-campus, online, blended and intensive study modes to help you balance work, family and study commitments.

Choose from a wide range of coursework programs or specialise in your field of study with a higher degree by research.

Visit [usc.edu.au/postgrad](http://usc.edu.au/postgrad) for more information.
