YOUR TIME TO SHINE

A GUIDE TO STUDY AT USC

2020

usc.edu.au
When you study at USC, you become part of a university that invests in you. Our students are at the heart of everything we do – which is why our students and graduates are some of the happiest in Queensland.

Shine a light on your future with relevant, up-to-date course content and the hands-on skills you’ll need to make an impact in your field. As a USC student, you’ll learn from nationally recognised lecturers, work with cutting-edge technologies and be personally supported by real relationships with your teachers and peers.

You’ll also be encouraged to challenge convention, to pursue excellence and to transform the world around you.

Whether your passion is creativity or science, business or the environment, designing infrastructure or helping to shape the next generation – choose to rise, and shine.

Whether it’s practical work experience or the chance to pursue a lifelong passion, to connect with your community or to travel, we’re here to help you realise every opportunity.

Rise, and
A FIVE-STAR STUDENT EXPERIENCE
Every student matters to us, which is why we’re rated one of Australia's best universities for overall student experience. USC students come from diverse backgrounds but share the same goals: to discover their future path, to become the best they can be, and to make their mark on the world.

CAREER-FOCUSED LEARNING
No matter what kind of future you’re looking for, you can find it at USC. Our programs offer the choice and flexibility you need to get started on your career goal, whatever it may be. Our approach to learning is hands-on, with lots of opportunities to engage with your lecturers and fellow students on campus.

HANDS-ON TRAINING
USC programs include a strong focus on the core skills you’ll need in the future workplace. No matter what you study, you’ll learn to communicate well, solve problems and think creatively. All programs include practical experience and internships.

WORLD-READY GRADUATES
As one of the world’s top 150 young universities*, we’re not limited by tradition or old ways of thinking. We encourage our students to challenge convention and to always ask the next question.

FLEXIBLE STUDY LOCATIONS
No matter where you are, there’s a USC experience close to you. We offer flexible study options at a network of locations across coastal South East Queensland. Some programs let you complete your first year closer to home, then transition to another campus to finish your degree.

A HIGH-PERFORMANCE CULTURE
We are committed to unlocking innovation and helping every student reach their full potential. Alongside their studies, our students excel in sport, music, entrepreneurship, performing arts, social change and more. We encourage and support high achievers through initiatives such as the USC High Performance Sport Program, which helps athletes achieve sporting and academic excellence.

GROUND-BREAKING FACILITIES
USC is home to some of the most advanced learning facilities in Australia, including simulated nursing and paramedic labs, advanced engineering technologies, and a state-of-the-art CAVE2™ 3D visualisation studio.

A LEADER IN SUSTAINABILITY
We’re proud to have some of the most environmentally sustainable campuses in Australia, and we work hard to take care of our beautiful natural spaces. Our commitment to sustainability extends through our operations and academic offerings and into contributions to enhancing social, economic and environmental sustainability across the region and beyond.

A VISION FOR THE FUTURE
At USC, we are working to create a better future for our communities. We are committed to promoting the values of scholarship, discovery, sustainability, engagement, social justice and integrity.

From climate change adaptation to regional healthcare, renewable energy to young driver safety, our students and researchers tackle problems that directly impact our regions. As a USC student, you’ll be part of a community that drives innovation and helps to build better lives.

HERE COMES THE SUN

USC is building Australia’s newest university campus in the heart of Moreton Bay. Opening at Petrie in 2020, the campus will offer world-class study opportunities for the region.

STUDY AT USC MORETON BAY
From Semester 1, 2020 you’ll be able to study almost 50 undergraduate programs including business, engineering, nursing, education and psychology. New degrees will be added in 2021 and 2022.

We can’t wait to welcome the next generation of students and graduates from Moreton Bay to the USC community.

THE CAMPUS
USC Moreton Bay is being built on the site of the former Petrie Paper Mill, two minutes south of the Petrie town centre. For its traditional owners, the site has long been a place of learning, and it will once again become a centre of education and knowledge in the region.

STAGE ONE – OPENS IN 2020
Stage One is a state-of-the-art facility that has been purpose-designed for the future of university teaching and learning. With more than 16,000 square metres of floor space over three levels, it includes:

- $10 million worth of technology, including simulation facilities, engineering facilities, and a makerspace
- a 400-seat lecture theatre for teaching and community events
- a core commitment to renewable energy

FUTURE STAGES
The wider USC Moreton Bay precinct will be the anchor of The Mill at Moreton Bay, a vibrant civic, cultural and business precinct planned by Moreton Bay Regional Council and expected to be completed by 2036.

STAY UP TO DATE
For the latest on the campus, events and study opportunities at USC Moreton Bay, visit usc.edu.au/moretonbay and sign up for email updates.

- A full range of undergraduate programs
- 2-minute walk from Petrie train station, connecting to the Caboolture and Redcliffe Peninsula rail lines
- Located on the Petrie to Kippa-Ring Shared path, with showers and secure bike storage facilities
- Easy access from Gympie Road and the Bruce Highway
- Cafes, shops, cultural events and sporting facilities
With a network of locations across coastal South East Queensland, you’ll have the flexibility to choose a study location that works for you. Some degree programs let you complete your first year closer to home, then transition to another campus to finish your degree.

Choose from more than 100 undergraduate programs and study in some of Australia’s most innovative learning and visualisation facilities. The campus includes the 3D CAVE2™ visualisation studio, simulated nursing and paramedic labs, specialised computer, science, manufacturing and design labs, nationally accredited sport science labs, and a range of interactive digital learning spaces.

90 Sippy Downs Drive, Sippy Downs
A short walk from three private student accommodation complexes
Free and paid student parking
Regular Translink bus services to and from campus. Free USC Express Shuttle service between some USC study locations and major transport hubs during teaching weeks.
Secure bike stations with parking, lockers, repair kits, showers and toilet facilities
Cafes and bookshop
High Performance Sport Precinct with pool, gym, athletics track and USC stadium, home to the Sunshine Coast Lightning netball team

Study in the heart of Hervey Bay, with easy access to USC’s K’gari Research and Learning Centre on Fraser Island.

Facilities include interactive learning technologies, simulated nursing wards, specialist science laboratories, a student library, a makerspace, collaborative study areas and computer labs.

Full degree programs in animal ecology, business, commerce, human services, nursing and education. You can also study first-year courses from a range of other USC programs and then complete your degree at USC Sunshine Coast.

161 Old Maryborough Road, Hervey Bay
A short walk from the Hervey Bay CBD
Easily accessible by car and bicycle
Regular Wide Bay Transit bus services between campus and all major shopping centres and suburbs of Hervey Bay and Maryborough
Cafe
We’re also creating unique learning environments and opportunities for our students to contribute to new knowledge, at locations like the Sunshine Coast Health Institute, Sunshine Coast Mind and Neuroscience – Thompson Institute, and USC’s K’gari Research and Learning Centre.

USC Gympie

Located in beautiful natural surrounds, USC Gympie connects to USC Sunshine Coast via a daily shuttle bus.

Campus facilities include interactive learning technologies, collaborative study areas and computer labs.

- Full degree programs in nursing and education. You can also study first-year courses from a range of other USC programs and then complete your degree at USC Sunshine Coast.
- 71 Cartwright Road, Gympie
- Free USC Express Shuttle service between USC Gympie (via Cooroy) and USC Sunshine Coast during Semester 1 and 2 teaching weeks.
- Canteen

USC SouthBank

A vibrant and personalised study experience in the heart of the city.

Facilities include quiet study areas, a student commons and kitchen, a 24-hour computer lab, and IT and library services.

- Full degree programs in business, accounting, and tourism, leisure and event management
- 52 Merivale Street, South Brisbane
- 10 min walk to Brisbane CBD
- Close to three private student accommodation complexes
- Paid parking options a short walk away
- Easily accessible by public transport, including bus, train and CityCat ferry
- Accessible via bikeways and shared paths, with a Bike Hub on campus

USC Caboolture

A hands-on campus experience halfway between Brisbane and the Sunshine Coast, close to the new USC Moreton Bay campus.

The campus includes collaborative learning spaces, interactive technologies, computer labs, student common rooms, sporting facilities, a campus library, and a simulated hospital learning environment for nursing students.

- Full degree programs in business, commerce, education and nursing, and first-year courses in creative industries
- 80-106 Tallon Street, Caboolture
- Easily accessible by public transport, including bus and train. Free shuttle bus service between the campus and Caboolture train station during semester, connecting to Petrie train station at USC Moreton Bay
- Free USC Express Shuttle service (two services daily) between USC Caboolture and USC Sunshine Coast during Semester 1 and 2 teaching weeks
- Free student parking
Do you identify as an Aboriginal or Torres Strait Islander person? You may be eligible for direct entry to a USC program based on your potential to succeed, under USC’s Indigenous Direct Entry and Access Scheme (IDEAS). It’s for people who didn’t finish school, didn’t get an OP or whose OP doesn’t meet the minimum selection threshold for their chosen program.

usc.edu.au/ideas

STILL IN SCHOOL?

YES

WHAT YEAR ARE YOU IN?

NO

Year 11 or 12

Year 12

Study uni subjects while you complete Year 11 and 12 with USC’s Headstart program. Start working towards your degree and, if you successfully complete two Headstart subjects, get a selection rank that you could use to get into uni.

usc.edu.au/headstart

Doing really well at school? Got what it takes to succeed at uni? You can get your place at USC sorted by November with an Early Offer Guarantee. You still submit a QTAC application, but there’s no need to wait for your Year 12 results.

usc.edu.au/early-offer

Need to complete subject prerequisites, want to improve your eligibility or brush up on your study skills?

YOU’RE READY TO APPLY!

QTAC APPLICATION

Most domestic applicants for a USC undergraduate program, pathway diploma or TPP apply online through the Queensland Tertiary Admission Centre (QTAC). This includes current Year 12 students, and applicants who have been out of school for a while. Current USC students may be able to apply directly to USC.

No matter what your situation is, if you’re keen to get started we can help you find a way.
UNI PATHWAYS

Not quite ready or not quite sure about university? USC offers a range of study options that can help you take the first step towards your dream career.

TERTIARY PREPARATION PATHWAY

USC’s Tertiary Preparation Pathway (TPP) helps you build the skills and confidence to succeed at university, and prepare for undergraduate study. It’s a great way to brush up on your academic skills, complete courses to meet subject prerequisites, or get a taste of uni life before you commit to a full degree. A fee-free* TPP course can help you rise, and shine, towards a USC degree program.

Complete TPP and you may gain entry to most USC degrees.
Apply for TPP via QTAC usc.edu.au/tpp

* Tuition fees apply for international students.

PATHWAY DIPLOMAS

A full-time, one-year diploma means you can get a taste for university, and have something to show for it, without the commitment of a full degree program. It’s designed to introduce you to a field of study and help you develop your skills and knowledge to succeed at university and in the workforce. A USC pathway diploma is a stand-alone qualification that gives you direct entry and up to one year’s credit into selected bachelor’s degrees.

Start your career in Business Innovation, Creative Industries, Science and Technology, or Social and Human Services. usc.edu.au/diplomas

Chantelle Williams completed TPP before enrolling in the Bachelor of Nursing Science.

When you’re weighing up your uni options, it’s natural to have questions. So, if you’re not sure which pathway is right for you, or what career you’d like to pursue, talk to USC now.

✉️ information@usc.edu.au
STEPS TO STUDY AT USC

1. Choose your degree

Search this guide on PAGES 14–29 or visit usc.edu.au to find the degree you want to study.

- You can select up to six options on your QTAC application.
- Not sure? We can help you work out the best degree options for you and how to make sure you’ll meet the entry requirements for your selections.

Study at the only full-service university campus on the Sunshine Coast, at one of USC’s other study locations in Fraser Coast, Gympie, South Bank, Caboolture or at Australia’s newest university campus, USC Moreton Bay.

2. Check entry requirements

Check the entry requirements and required OP/selection rank for your chosen degree on the USC website.

- To receive an offer, you must have an OP or selection rank equal to or above the minimum selection threshold* for your chosen degree in a given offer round.
- Please note that the OP/Rank stated on the website is a guide only and can vary between offer rounds.
- You may be eligible for a boost to your OP or selection rank under the Access USC Scheme usc.edu.au/accessusc

To be eligible for entry you must also satisfy any subject prerequisites specified for your chosen degree on the USC website. Recommended prior study is previous study that is recommended but not required.

3. Apply

APPLY ONLINE through the Queensland Tertiary Admissions Centre (QTAC).

- Your application is assessed on your OP selection rank, work experience or prior study.
- Considering a gap year? You should still submit your QTAC application to secure your place.
- You have the option to list up to six preferences on your application, with your preferred degree as first preference.

4. Accept offer

Once an offer round has occurred, you will be ADVISED BY EMAIL if you have been made an offer.

- Your offer email from USC will provide instructions to log in to USC Central using your username and password. Follow the prompts to accept your offer.
- You must also respond to your offer from QTAC by the date specified. Log in to QTAC’s Application Services using the email address and password you used to create your QTAC account.

5. Get financial support

When studying at university, you will need to BUDGET for fees, study-related costs and living expenses. To help with your study costs you may be eligible for SCHOLARSHIPS or government assistance.

- You can apply for most USC undergraduate scholarships and bursaries by completing ONE ONLINE APPLICATION (domestic students only). Visit usc.edu.au/scholarships for more information.

How to order your preferences

1. TWO PREFERRED DEGREES

Degrees you want to study the most

2. TWO BACK-UP DEGREES

Less competitive degrees that you want to study

3. TWO PATHWAY DEGREES

Degrees that will help you upgrade into the one you really want to study

Note: Most undergraduate applicants apply through QTAC.

* The minimum OP or selection rank required in order to be considered for entry to this program.
Money to help you while you study

Studying at uni is a personal investment – you're investing time and effort in your future. There's a financial cost, too, and at USC we understand that sometimes it can be a challenge to make it all work.

There's lots of support to assist you financially, and it comes in all shapes and sizes.

In 2018, USC provided more than $2.5 million in scholarships and bursaries to students.

USC scholarships and bursaries celebrate different types of skills and support people from all kinds of backgrounds. A scholarship can provide financial support over the years you're studying, or as a waiver of tuition fees. A bursary is usually a one-off payment, or payment instalments over two semesters of study.

Not only can they ease the financial pressure of going to uni and give you freedom to focus on your study, but some may also provide internship opportunities, so you can gain real work experience while you're studying.

USC scholarships aren't just for high achievers – scholarships and bursaries are also awarded to students who need financial assistance or who demonstrate other achievements, such as sporting excellence or community activities (like volunteering or fundraising). There are also scholarships for different areas of study, or relocation scholarships that support you in your move away from home.

They're easy to apply for, too. You only need to submit one application form to be considered for the many USC scholarships and bursaries on offer. Apply now and find the support you need to rise, and shine.

usc.edu.au/scholarships

WHAT HELP IS AVAILABLE?

HECS-HELP  A loan program that assists eligible students enrolled in a Commonwealth supported place (in an undergraduate degree or Commonwealth supported postgraduate program) pay their student contribution.

FEE-HELP  A loan scheme that assists eligible full-fee paying students pay their tuition fees.

SA-HELP  A loan scheme that assists eligible students pay their Student Services and Amenity Fee (SSAF).

INDICATIVE STUDENT CONTRIBUTION

</tr>
</tbody>
</table>

† EFTSL represents the Equivalent Full Time Student Load or one full-time year.

* Represents the student contribution per course based on a 12-unit course. Unit weighting for courses is shown in study plans on individual program pages on the USC website.

Hannah Dodd was awarded the $20,000 June Canavan Para-athlete Sport Scholarship in 2018.
USC has a variety of support services available. From academic and careers support, through to counselling and financial support, you’ll have the confidence and assistance you need to give you the best chance to succeed in your studies.

Academic and study support
USC offers a range of learning resources and support, including online advice, one-to-one support and academic skills workshops.

Careers and employment
Arm yourself with the information and advice you need to get your career heading in the right direction.

Health and wellbeing
Take care of yourself while you’re studying with USC’s range of health and wellbeing services.

Financial support
It pays to invest in your future. There’s plenty of financial support available to help with your tuition fees and study costs.

Indigenous Services
Indigenous services provides academic mentoring, learning spaces and support services in a culturally safe environment.

Student Success Network
USC has an active network of student groups and support services to help you settle into your studies and make the most of your university experience.

Counselling
A free, confidential counselling service with a qualified psychologist is available to all students.

Disability and equity
If your studies are affected by a disability, learning disorder, injury or illness, AccessAbility Services can provide assistance, advocacy and academic support.

Parents and supporters
Whether you are the parent, partner, carer, teacher, friend or relative of a future or current USC student, you play a valuable role in guiding and supporting the student in your life through their exciting journey. We have a dedicated space with all the info parents and supporters need to help your student reach their full potential. Make yourself at home via the USC Parent Lounge usc.edu.au/parents
STUDY OVERSEAS

I booked my plane ticket to the other side of the world to study at Masaryk University in the Czech Republic.

My trip kicked off with an awesome Eurail experience around Europe. By train, I travelled to many countries including Austria, Slovakia, Croatia, Germany, Belgium, France and Italy.

While studying at Masaryk University, there were lots of subjects to choose from that involved learning about Czech lifestyle and culture, and allowing me to gain credit towards my degree.

My time abroad gave me a new perspective on the world. I watched the seasons change and experienced a white Christmas. I learnt about new cultures and discovered more about my own, and made friends all around the globe.

From watching the snow fall in Cesky Krumlov, visiting the Christmas markets in Krakow, to relaxing in the Budapest thermal baths, ice skating, to snow skiing, mountain hiking and exploring old cities, studying abroad well and truly exceeded my expectations.

Breanna Fraser – USC student who studied in the Czech Republic

TRAVEL OVERSEAS, EXPERIENCE DIFFERENT CULTURES AND GET A DEGREE – AT THE SAME TIME.

You don’t have to choose between uni and travel. Spend one or two semesters abroad at one of more than 70 partner institutions, or take the opportunity to complete a placement or internship overseas.

There are a number of scholarships and grants available to help with the cost, so don’t let money hold you back from this amazing opportunity.

WHY STUDY OVERSEAS?

• Improve your language skills
• Explore a new culture
• Gain valuable life skills
• Broaden your career options
• Enhance your employability
• Establish a global network of friends
• Gain credit towards your degree
If you commenced Year 11 in Queensland in 2019, you will be among the first in the state to graduate Year 12 with an Australian Tertiary Admission Rank (ATAR) in replacement of the current Overall Position (OP). From 2021 forward, the ATAR will be used for Year 12 students seeking admission to USC undergraduate degrees.

So, if you’re wondering which subjects to choose for your final years of high school to meet the prerequisite for your selected degree, the table below displays which subjects will meet the prerequisites for USC programs.

Be mindful: completing an applied subject like Essential English or Essential Mathematics can contribute towards ATAR eligibility, however applied subjects won’t meet the subject prerequisites at USC. It’s recommended you discuss your options with your school.

If you don’t complete the relevant prerequisite subject at high school you may be able to complete a bridging course such as the Tertiary Preparation Pathway (TPP) to meet the prerequisite for your desired degree.
Get work experience while you study with

WORK-INTEGRATED LEARNING (WIL)

All USC programs include hands-on training such as placements, industry projects, fieldwork or professional work experience. WIL gives you the chance to put theory into practice, build skills that employers look for in graduates, establish job networks and find out what it’s like to work in your area of study. Some programs include overseas WIL opportunities, too.

STUDY OPTIONS

Study options explained

PROGRAM NAME
The name of the qualification. Most undergraduate programs are bachelor’s degrees, but there are also associate degrees and diplomas.

LOCATIONS
This shows you which USC locations you can study this program at. Find more info about USC study locations on pages 4–5.

Bachelor of Engineering (Civil) (Honours)

Location and QTAC code
Sunshine Coast 013731
Moreton Bay 014731

MINIMUM SELECTION THRESHOLD
This is the minimum OP or selection rank required in order to be considered for entry to this program in 2019. Thresholds can change from year to year and from offer round to offer round, so can only be used as a guide. Meeting the minimum selection threshold does not guarantee entry.

INTERNATIONAL STUDENT OPTION
An international student is any student who is not an Australian or New Zealand citizen, Australian permanent resident or Australian Humanitarian Visa holder.

DURATION
How long it will take you to complete the program if you study full time (usually four courses per semester). If you choose to study fewer courses per semester, it will take longer to complete your degree.

QTAC CODE
Each program has a unique six-digit code that you’ll use in your QTAC application. There is a different QTAC code for each study location. Some locations have numbered notes – read these carefully for important info about your study options.

COMMENCE
At uni, a year is divided into two main semesters. Semester 1 starts in February, and Semester 2 starts in July. This tells you when you can start studying a program – some programs only start in Semester 1.

PREREQUISITES
Prerequisites are subjects you must have studied at school to be eligible for entry into a program. If you haven’t studied the prerequisites at school, you might be able to meet them through other tertiary study or bridging/enabling courses. English (4,SA) means you have to have studied Senior English for 4 semesters and exited with a Sound Achievement or better. ‘Nil’ means there are no subject prerequisites, but you must still meet the minimum selection threshold and USC’s standard entry requirements. Some programs have additional entry requirements, too.

RECOMMENDED PRIOR STUDY
These are the subjects USC recommends you study at school to prepare for a program. These are ‘good to have’, but are not required for entry.

English, Maths A, B or C

NOTES
1. Semester 2 commencement not available at USC Fraser Coast, USC Gympie or USC Caboolture.
2. Only core, foundation, Management, Marketing and Accounting major courses are offered at USC Caboolture. Further elective courses are available at USC Sunshine Coast.
3. Limited majors available (Accounting, Management, Tourism, Leisure and Event Management) at USC Fraser Coast. Further elective courses are available at USC Sunshine Coast.
4. Only first-year courses are offered at USC Gympie. The remainder of the degree is completed at USC Sunshine Coast.
5. Semester 2 commencement not available at USC Gympie.
6. Subject to external accreditation for Moreton Bay campus offering.

INTERNATIONAL * Full-time option is available to international students on a Student Visa at select campuses. Refer to online listing for more information.

Kim Pengelly
Bachelor of Business graduate.
General Manager, QMusic.

“Like many people at 19, I wasn’t sure what I wanted to ‘be when I grew up’. What I did know, was that I never wanted to work in a position that saw me watching the clock tick over 5pm.

“I decided to study Business to give me a broad set of skills which could be applied to a number of career pathways as my appetite and interests changed over time.

“As General Manager at QMusic, I manage the team internally as well as fulfil the role of Event Manager for all our events, including BIGSOUND — which is the largest music industry conference in the southern hemisphere — and Queensland Music Awards — a prolific celebration of Queensland songwriters.

“I’m proud of the fact that I have been able to work in positions that light the fire inside. My degree taught me discipline and a strong writing style, which gave me the tools to be able to communicate persuasively at all levels. This has given me the opportunity to obtain grants and funding for the organisations I have worked for, which has been a beneficial asset.”

**Patrick Smith**  
Current Bachelor of Creative Industries student.

“Through one of my courses I was able to do an internship with a startup company. This was an amazing experience as it gave me an opportunity to film videos and create content for the business.

“USC is awesome for encouraging group work and that makes it so much easier for creatives to build some solid friendships with people in a range of industries.

“I chose USC because of the flexibility and convenience, plus the staff have great experience in the creative industries. I am proud of the work I produce and the networks I am building here.”

---

**NOTES**
1. Only first-year courses offered at USC Caboolture. The remainder of the program must be completed at USC Sunshine Coast.
2. Semester 2 commencement not available at USC Caboolture.

**Notes**
1. Only first-year courses are offered at USC Gympie. The remainder of the program must be completed at USC Sunshine Coast.
2. Semester 2 commencement not available at USC Gympie.
3. Only the English Subject Focus courses will be offered at USC Caboolture and USC Gympie.
4. Practical courses in the program have physical components and location requirements.
5. Only first-year courses are offered at USC Fraser Coast for the Mathematical Sciences and Biological Sciences major or minor. The remainder of the program must be completed at USC Sunshine Coast.

Check out other study areas on pages 14–29 for additional double degrees that combine your areas of interest.
Mathew Wenzel
Current Bachelor of Primary Education student.

“I applied to study at USC after a plan to work overseas fell through, creating an opportunity for me to focus on building a career instead of just getting a job.

“USC has provided me with a range of opportunities. I have been able to develop my academic skills, establish lifelong friendships with my peers, work alongside practising teachers and assist with some fantastic projects at the University, including USC’s makerspace.”

Rachel Sewell
Bachelor of Primary Education graduate.

“I found the student-to-teacher ratio in the classes at USC to be fantastic and this in turn helped me to achieve good results throughout my degree.

“The highlight of my studies would definitely be the lecturers, for their continuous support and genuinely having the students’ best interests at heart.”

Just a few weeks after completing her degree, Rachel made a quick transition to become a teacher at Hervey Bay’s Pialba State School.

Georgia Keeshan
Civil Engineering graduate. Coastal Engineer, Sunshine Coast Council

“I had a passion for finding out how and why things work, and I wanted to do a degree that guaranteed a job. I knew engineering had a wide range of employment and lifestyle opportunities and I listened to a talk about the program at USC’s Open Day. I decided to do it and study Civil Engineering.

“While studying I gained casual work at the council through one of my tutors. I knew a dozen students who also got work through USC connections. Then, I secured a full-time job here when I graduated.

“Now I work as a coastal engineer with the Sunshine Coast Council. As my work is usually in the tidal zone, where construction and maintenance are subject to approvals, I’m liaising with state and federal governmental agencies, council departments, community groups, customers and external contractors.”

“I work indoors and outdoors, contributing to the sustainable growth of the region, coordinating projects and inspections of council infrastructure involving revetment walls, beach groynes, canal dredging, locks, weirs and sea walls.”

DOUBLE DEGREES

Check out other study areas on pages 14-29 for additional double degrees that combine your areas of interest.

Bachelor of / Bachelor of
Animal Ecology / Business (Tourism, Leisure and Event Management)

Location and QTAC code
Sunshine Coast 013271

Peter Nugent
Bachelor of Nursing Science graduate.

“After almost 20 years in the plumbing trade having the option to study Nursing Science at USC Fraser Coast gave me the opportunity to drastically rearrange my life.

“USC has given me the opportunity to grow as a person. With support, I was able to utilise the existing skills I had and use them to transition to a totally new career with ease.

“I am a very practical person, therefore the hands-on experience from placements was a chance to put the educational knowledge I gained into the work environment and confirmed where I saw myself working in the future.

“It seems surreal to think that so much has changed in just a few years and I started work as a registered nurse in Hervey Bay just a matter of weeks after graduating.”

NOTES
1. Students commencing in Semester 2 will take 2.5 years to complete the program, as some semesters can only be taken part time.
2. Subjects are offered in four teaching periods each year, allowing students to complete the program in two years.
3. Semester 1 commencement only for Prosthetics and Orthotics and Applied Environmental Health majors.
4. Completing this program within the specified (full-time) duration is based on studying 48 unit points per semester (normally 4 courses) and undertaking some courses in Sessions 1 and 4 or Session 8 (Summer).
5. Some courses must be completed at the Sunshine Coast Health Institute.
6. Subject to external accreditation for Moreton Bay campus offering.
7. Semester 1 commencement only available on a part-time basis at USC Sunshine Coast and USC Caboolture. Semester 1 commencement not available at USC Moreton Bay.
8. Commencement in Semester 1 will extend the program duration to 3 years minimum.
9. Some courses must be completed in Session 1 (Winter) or Session 8 (Summer) and require students to commit to full-time unpaid placement.
10. Not all applicants with an OP 1/Rank 99 will receive an offer.

2.3 years full-time (2 years full-time plus an 8-week Nursing Internship) or equivalent part-time
Completion of an approved undergraduate degree. Entry requirements apply – refer to online listing
English

Bachelor of Nursing Science (Honours)

Location and QTAC code
Sunshine Coast 013414

Semester 1 or 2
Not available
1 year full-time or equivalent part-time
Completion of an approved undergraduate degree. Entry requirements apply – refer to online listing

Bachelor of Nursing Studies

Location and QTAC code
Sunshine Coast Direct application to USC

NOTES
1. Students commencing in Semester 2 will take 2.5 years to complete the program, as some semesters can only be taken part time.
2. Subjects are offered in four teaching periods each year, allowing students to complete the program in two years.
3. Semester 1 commencement only for Prosthetics and Orthotics and Applied Environmental Health majors.
4. Completing this program within the specified (full-time) duration is based on studying 48 unit points per semester (normally 4 courses) and undertaking some courses in Sessions 1 and 4 or Session 8 (Summer).
5. Some courses must be completed at the Sunshine Coast Health Institute.
6. Subject to external accreditation for Moreton Bay campus offering.
7. Semester 1 commencement only available on a part-time basis at USC Sunshine Coast and USC Caboolture. Semester 1 commencement not available at USC Moreton Bay.
8. Commencement in Semester 1 will extend the program duration to 3 years minimum.
9. Some courses must be completed in Session 4 (Winter) or Session 8 (Summer) and require students to commit to full-time unpaid placement.
10. Not all applicants with an OP 1/Rank 99 will receive an offer.
Jenna Perry
Currently studying Nutrition and Dietetics.

“University was something that I had never considered. I spent lots of time travelling, which is when my passion for nutrition science and my desire to help close the health gap seen throughout Australia motivated me to seek further education.

“The program was not offered in my home state, so I decided to move to the Sunshine Coast and give university a red-hot crack! I entered through a Bachelor of Nutrition, then in my second year of study, I had the grades required to transfer to study dietetics.

“I couldn’t be happier with my decision. I love the atmosphere, supportive environment and sense of community that USC provides. It’s an environment that really fosters growth and resilience. The educators are always encouraging students to try their best, think critically and to always be curious about learning.”

INTERNATIONAL  * Full-time option is available to international students on a Student Visa at select campuses. Refer to online listing for more information.
Humanities, Psychology and Social Sciences

DIPLOMAS

Diploma in Social and Human Services

- Location and QTAC code

Take the Law Honours Pathway and graduate from your Law degree with Honours. Available for all Law programs.
Michael Jefferies
Bachelor of Laws / Bachelor of Commerce graduate.
Law Graduate, PricewaterhouseCoopers (based in Sydney office)
‘Australian Law Student of the Year’ at 2018 Australian Law Awards
New Colombo Plan Scholarship recipient.

“I secured one of five summer clerkship roles in the PricewaterhouseCoopers’ Legal team in Sydney at the end of my second-last year of study. Upon finishing the clerkship, I was offered a graduate role to return to on a full-time basis after completing my degree.

“In my role I focus on Corporate Advisory work as part of PwC’s Legal Services network, which has more than 3,500 lawyers in more than 100 countries. This involves assisting clients, mostly large companies, with high-complexity matters ranging from mergers and acquisitions to capital markets transactions and corporate restructures.

“At USC, I was able to study abroad – which I’d highly recommend. There are even scholarships available to help cover some, or all, of the costs. I met so many great people in Singapore while having an amazing study experience through the New Colombo Plan. I was also an active participant in student life at USC through various student and leadership groups.”

Bachelor of / Bachelor of
Laws / Environmental Management

- Semester 1 or 2
- OP 9/Rank 82
- Available*
- 5 years full-time or equivalent part-time
- English (4, SA)
- Maths A, B or C; at least one science subject

Bachelor of / Bachelor of
Laws / Science

- Semester 1 or 2
- OP 9/Rank 82
- Available*
- 5 years full-time or equivalent part-time
- English (4, SA)
- Maths B or C; at least one science subject (preferably Chemistry)

GRADUATE ENTRY
Continue your undergraduate degree studies at a higher level and specialise in your area of interest.

Bachelor of
Laws (Graduate Entry)

- Semester 1
- Available*
- 3 years full-time or equivalent part-time
- Completion of an approved undergraduate degree. Entry requirements apply – refer to online listing.

NOTES
1. It is recommended that students planning to study part-time apply for the Bachelor of Laws rather than a double degree.

* Full-time option is available to international students on a Student Visa at select campuses. Refer to online listing for more information.
Wondering what your life at USC might look like?

Get an insight into the daily happenings of current USCers via their vlogs, as they go about another week of living their best lives.

/vloggingusc

From balancing parenthood and study, going on placement, preparing for exams, and handing in that last assignment to Uni Games, strawberry picking, 4WD adventures, enjoying a 101 day gap year and more.

Connect with USC on social media for a look into #LifeatUSC. On our socials you will find the work and achievements of our students and staff, a glimpse of student life, and the latest in news and events.

Tag, tweet, like or follow us to join the USC community before you even arrive on campus and check out #LifeatUSC.

WE’RE HERE TO HELP

When you’re weighing up your uni options, it’s natural to have questions.

Starting uni can be an exciting, life-changing experience. But for some, not knowing where to begin can be stressful. We’re here to help.

You can speak with current students who’ve been in your shoes before. So if you have a question, no matter how big or small, talk with USC now.
