3. Search for courses by entering the course code (e.g. COR109) and study location. Select **Search**.

**Note:** you may have to choose from available enrolment terms (e.g. Semester 1) before you can search for courses.

The screenshot shows the 'Course Search and Enrol' page on the USC Central website. The page header includes 'USC Central' and 'Course Search and Enrol'. Below the header, it indicates '2019 Semester 2 Undergraduate'. A sidebar on the left contains links for 'Course Search and Enrol', 'Update Class times', and 'Drop Courses'. The main content area features a search form with two input fields: 'Course' and 'Location'. Below these fields are 'Search' and 'Clear all' buttons. A red rectangular box highlights the entire search form area.

4. Select the course.

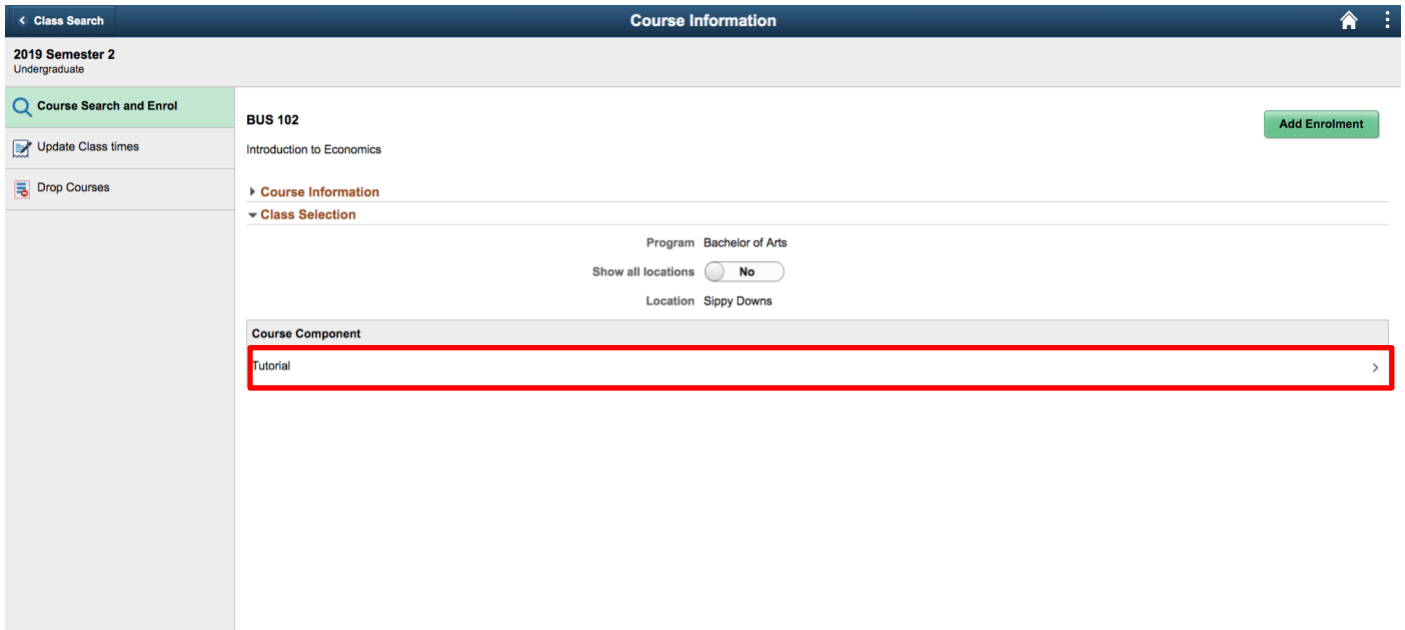

This screenshot shows the same 'Course Search and Enrol' page after a search. The 'Course' field now contains 'BUS102' and the 'Location' field contains 'Sippy Downs'. The 'Search' button is highlighted. Below the search form, a table displays the search results. The table has two columns: 'Course Code' and 'Description'. A single row is shown, with 'BUS102' in the 'Course Code' column and 'Introduction to Economics' in the 'Description' column. A red rectangular box highlights this row. The text '1 row' is visible in the top right corner of the table area.
