UNDERGRADUATE GUIDE
Your guide to study at USC
2021

YOUR TIME TO SHINE

Rise, and shine.

Whether it’s practical work experience or the chance to pursue a lifelong passion, to connect with your community or to travel, we’re here to help you realise every opportunity.

When you study at USC, you become part of a university that invests in you. Our students are at the heart of everything we do – which is why our students and graduates are some of the happiest in Queensland.

Shine a light on your future with relevant, up-to-date course content and the hands-on skills you’ll need to make an impact in your field. As a USC student, you’ll learn from nationally recognised lecturers, work with cutting-edge technologies and be personally supported by genuine relationships with your teachers and peers.

You’ll also be encouraged to challenge convention, to pursue excellence and to transform the world around you.

Whether your passion is creativity or science, business or the environment, designing infrastructure or helping to shape the next generation – choose to rise, and shine.

Rise, and shine.

**FAST FACTS**
- 10 study locations across Australia
- Students from over 70 different countries
- 5 stars TEACHING QUALITY
- 14 years in a row
- 5 STARS in overall student experience and learning resources
- 84% of USC graduates employed within four months of finishing their degree
A FIVE-STAR STUDENT EXPERIENCE
Every student matters to us, which is why we're rated one of Australia’s best universities for overall student experience.
USC students come from diverse backgrounds but share the same goals: to discover their future path, to become the best they can be, and to make their mark on the world.

CAREER-FOCUSED LEARNING
No matter what kind of future you’re looking for, you can find it at USC. Our programs offer the choice and flexibility you need to get started on your career goal, whatever it may be.
Our approach to learning is hands-on, with lots of opportunities to engage with your lecturers and fellow students on campus.

HANDS-ON TRAINING
USC programs include a strong focus on the core skills you’ll need in the future workplace. No matter what you study, you’ll learn to communicate well, solve problems and think creatively. All programs include practical experience and internships.

WORLD-READY GRADUATES
As one of Australia’s fastest growing universities, we don’t limit ourselves with tradition or old ways of thinking. We encourage our students to challenge convention and to always ask the next question.

FLEXIBLE STUDY LOCATIONS
No matter where you are, there’s a USC experience close to you. We offer flexible study options at a network of locations across coastal South East Queensland. Some programs let you complete your first year closer to home, then transition to another campus to finish your degree.

A HIGH-PERFORMANCE CULTURE
We are committed to unlocking innovation and helping every student reach their full potential. Alongside their studies, our students excel in sport, music, entrepreneurship, performing arts, social change and more. We encourage and support high achievers through initiatives such as the USC High Performance Sport Program, which helps athletes achieve sporting and academic excellence, and the High Performance Student Musicians Program, supporting talented musicians to rise, and shine.

GROUND-BREAKING FACILITIES
USC is home to some of the most advanced learning facilities in Australia, including a new performing arts centre, simulated nursing and paramedic labs, advanced engineering technologies, and a state-of-the-art CAVE2™ 3D visualisation studio.

A LEADER IN SUSTAINABILITY
We’re proud to have some of the most environmentally sustainable campuses in Australia, and we work hard to take care of our beautiful natural spaces. Our commitment to sustainability extends through our operations and academic offerings and into contributions to enhance social, economic and environmental sustainability across the region and beyond.

A VISION FOR THE FUTURE
At USC, we are working to create a better future for our communities. We are committed to promoting the values of scholarship, discovery, sustainability, engagement, social justice, respect and integrity. From climate change adaptation to regional healthcare, renewable energy to young driver safety, our students and researchers tackle problems that directly impact our regions. As a USC student, you’ll be part of a community that drives innovation and helps to build better lives.

USC MORETON BAY

Study at Australia’s newest university campus

USC Moreton Bay is Australia’s newest university campus in the heart of Moreton Bay. Located in Petrie, the campus offers world-class study opportunities for the region. Adjacent to the Petrie train station and bus stop, the campus is easily accessible by public rail and bus transport, as well as being connected to a dedicated cycle/walking path.

You can study almost 50 undergraduate programs including business, engineering, nursing, education and psychology. New degrees will be added in 2021 and 2022 including criminology, environmental management and game design. We welcome the next generation of students and graduates from Moreton Bay to the USC community.

THE CAMPUS

The USC Moreton Bay university precinct is being built on the site of the former Petrie paper mill, two minutes south of the Petrie town centre. For its Traditional Owners, the site has long been a place of learning, and it will once again become a centre of education and knowledge in the region.

Stage One is a state-of-the-art foundation building that has been purpose-designed for the future of university teaching and learning. The foundation building’s multifunctional design encourages group work and collaborative learning with other students, teachers and researchers.

USC Moreton Bay is the anchor of The Mill at Moreton Bay, a vibrant civic, cultural and business precinct planned by Moreton Bay Regional Council. The next stages of development for USC Moreton Bay will include partnerships in future-focused areas of innovation and research, which will have an impact across the region. Fields such as digital technologies, environmental rehabilitation and remediation and renewable energy will be a priority for USC Moreton Bay.
USC LOCATIONS

With a network of locations across coastal South East Queensland, you’ll have the flexibility to choose a study location that works for you. Some degree programs let you complete your first year closer to home, then transition to another campus to finish your degree.

USC Sunshine Coast
Choose from more than 100 undergraduate programs and study in some of Australia’s most innovative learning and visualisation facilities.

The campus includes the 3D CAVE2™ visualisation studio, simulated nursing and paramedic labs, specialised computer, science, manufacturing and design labs, nationally accredited sport science labs, and a range of interactive digital learning spaces.

90 Sippy Downs Drive, Sippy Downs
A full range of undergraduate programs
A short walk from three private student accommodation complexes
Free and paid student parking
Regular Translink bus services to and from campus. Free USC Express Shuttle service between some USC study locations and major transport hubs during teaching weeks
Secure bike stations with parking, lockers, repair kits, showers and toilet facilities
Cafés and bookshop
High Performance Sport Precinct with pool, gym, athletics track and USC stadium, home to the Sunshine Coast Lightning netball team

USC Moreton Bay
You can study almost 50 undergraduate programs including business, engineering, nursing, education and psychology. New degrees will be added in 2021 and 2022.

The new campus includes a 460-seat capacity lecture theatre, $15 million worth of state-of-the-art technology, nursing simulation labs, a 120-capacity Superlab for chemical experiments and specialist engineering labs designed for cross-discipline collaboration, and dedicated student study spaces with 24/7 library access.

1 Moreton Parade, Petrie
A full range of undergraduate programs
2-minute walk from Petrie train station, connecting to the Caboolture and Redcliffe Peninsula rail lines
Located on the Petrie to Kippa-Ring shared path, with showers and secure bike storage facilities
Easy access from Gympie Road and the Bruce Highway
Cafés and retail outlets

USC Caboolture
A hands-on campus experience halfway between Brisbane and the Sunshine Coast, close to the new USC Moreton Bay campus.

The campus includes collaborative learning spaces, interactive technologies, computer labs, student common rooms, sporting facilities, a campus library, and a simulated hospital learning environment for nursing students.

80-106 Tallon Street, Caboolture
Full degree programs in business, commerce, education and nursing, and first-year courses in creative industries
Easily accessible by public transport, including bus and train. Free shuttle bus service between the campus and Caboolture train station during semester, connecting to Petrie train station at USC Moreton Bay. Free USC express shuttle service (two services daily) between USC Caboolture and USC Sunshine Coast during Semester 1 and 2 teaching weeks
Free student parking
Café
USC SouthBank

A vibrant and personalised study experience in the heart of the city. Facilities include quiet study areas, a student commons and kitchen, a 24-hour computer lab, and IT and library services.

- 52 Merivale Street, South Brisbane
- Full degree programs in business, accounting, and tourism, leisure and event management
- 10-min walk to Brisbane CBD
- Close to three private student accommodation complexes
- Easily accessible by public transport, including bus, train and CityCat ferry
- Paid parking options a short walk away
- Accessible via bikeways and shared paths, with a Bike Hub on campus

USC Fraser Coast

Study in the heart of Hervey Bay, with easy access to USC's K'gari Research and Learning Centre on Fraser Island. Facilities include interactive learning technologies, simulated nursing wards, specialist science laboratories, a student library, a makerspace, collaborative study areas and computer labs.

- 161 Old Maryborough Road, Hervey Bay
- Full degree programs in animal ecology, business, commerce, human services, nursing, social work and education. You can also study first-year courses from a range of other USC programs and then complete your degree at USC Sunshine Coast.
- A short walk from the Hervey Bay CBD
- Easily accessible by car and bicycle
- Regular Wide Bay Transit bus services between campus and all major shopping centres and suburbs of Hervey Bay and Maryborough
- Café

USC Sunshine Coast has a new performance space specially designed for drama and music students to explore their creative side. The new learning space complements the nearby USC Art Gallery, creating a vibrant and culturally rich hub in the centre of the USC Sunshine Coast campus.

We’re also creating unique learning environments and opportunities for our students to contribute to new knowledge, at locations like the Sunshine Coast Health Institute, Sunshine Coast Mind and Neuroscience - Thompson Institute, and USC’s K’gari Research and Learning Centre.

USC Gympie

Located in beautiful natural surrounds, campus facilities include interactive learning technologies, collaborative study areas and computer labs.

- 71 Cartwright Road, Gympie
- Full degree programs in nursing and education. You can also study first-year courses from a range of other USC programs and then complete your degree at USC Sunshine Coast
- USC Gympie connects to USC Sunshine Coast via a daily shuttle bus.
- Canteen

Café
Studying at uni is a personal investment – you’re investing time and effort in your future. There’s a financial cost, too, and at USC we understand that it can be daunting to think about how to make it all work. There’s lots of support to assist you financially, and it comes in all shapes and sizes.

Many university students are offered a Commonwealth supported place, which means most of the cost is subsidised by the Commonwealth Government and you pay a student contribution. The student contribution amount varies depending on the degree you study and how much funding the Government provides.

**INDICATIVE COURSE FEES**

Course fees depend on the type and length of your degree. You can expect to pay between $6,600–$11,200 per year (based on 2020 course costs).

<table>
<thead>
<tr>
<th>Area of study</th>
<th>Annual course fees (per EFTSL)</th>
<th>Per course fee **</th>
</tr>
</thead>
<tbody>
<tr>
<td>Humanities, Behavioural Science, Social Studies, Clinical Psychology, Foreign Languages, Visual and Performing Arts</td>
<td>A$6,684</td>
<td>A$835</td>
</tr>
<tr>
<td>Education and Nursing</td>
<td>A$6,684</td>
<td>A$835</td>
</tr>
<tr>
<td>Mathematics, Statistics, Computing, Built Environment, Health, Science, Engineering, Surveying, Agriculture</td>
<td>A$9,527</td>
<td>A$1,190</td>
</tr>
<tr>
<td>Law, Accounting, Administration, Economics, Commerce, Medicine</td>
<td>A$11,155</td>
<td>A$1,394</td>
</tr>
</tbody>
</table>

* EFTSL represents the Equivalent Full-time Student Load or one full-time year.
** Represents the student contribution per course based on a 12-unit course.

Unit weighting for courses is shown in study plans on Individual program pages on the USC website.

**OTHER COSTS**

In addition to course fees, it’s important to factor in other expenses, like transport, living expenses, textbooks, stationery and uniforms for work placements (if required).

---

**What help is available?**

If you are an Australian citizen, hold a permanent humanitarian visa or are a New Zealand citizen who holds a Special Category Visa (SCV) and meets eligibility requirements, you are eligible to borrow money for your student contribution through the Commonwealth HELP loan scheme. This means you can defer payment of your fees until you’re earning above the repayment threshold so there’s no up-front fees to pay. You still have the option to pay all or part of your student contribution as you go, too.

In addition to the HECS-HELP scheme, there are a number of other financial support programs available to support eligible students, like FEE-HELP, SA-HELP and OS-HELP. Visit usc.edu.au/fees for more information.

You may also be eligible for government assistance, such as Youth Allowance, Austudy, ABSTUDY, rent assistance or a student start-up loan. Visit humanservices.gov.au and search ‘Payments for students and trainees’ for more information.
Money to help you while you study

USC scholarships and bursaries can ease the financial pressure of going to uni and give you freedom to focus on your study. They celebrate different types of skills and support people from all kinds of backgrounds. Scholarships and bursaries aren’t just for academic achievers – they’re also awarded to students who need financial assistance or who demonstrate other achievements, such as sporting excellence or community activities (such as volunteering or fundraising). A scholarship can provide financial support over the years you’re studying, or cover tuition fees or textbooks. There are also scholarships for different areas of study, and relocation scholarships that support you in your move away from home. Some may also provide internship opportunities, so you can gain real work experience while you’re studying. A bursary is usually a one-off payment, or payment instalments over two semesters of study.

They’re easy to apply for, too. You only need to submit one application form to be considered for most of the USC scholarships and bursaries on offer. Apply now and find the support you need to rise, and shine. Applications will open in September 2020 for students commencing studies in Semester 1, 2021 via usc.edu.au/scholarships

Rebecca McCone
Bachelor of Education (Secondary)/Bachelor of Recreational and Outdoor Environmental Studies
Thompson Study Support Scholarship recipient

When I received my scholarship, it changed the direction of my life. I’m a mature-aged student so I have a lot of bills to pay – and about 18 months into my degree those bills were mounting up. I was at a real low point. But then, when I was at my lowest point, the Thompson Study Support Scholarship came through and it changed everything for me. I was able to keep pursuing my dream.
Double degrees

A double degree lets you combine knowledge and skills from two different fields. You can combine a professional qualification with an industry you are interested in (such as business and science, or law and environmental management). You can also use your second degree to study something you love, like creative writing. With just one extra year of study, you’ll graduate with two qualifications and more flexibility in your chosen career.

SUPPORT

We’re here for you

University can be an exciting and sometimes unfamiliar journey, but at USC we’ve got your back through your entire studies – from the moment you walk onto campus to the day you graduate.

We have a range of support services available to make your transition to university study as smooth as possible. Explore some of the services on offer to ensure you succeed at whatever you study.

ACADEMIC AND STUDY SUPPORT
We’re here to help you succeed. Ask us about one-to-one support, academic skills workshops and online advice so you get the most out of your studies.

CAREERS AND EMPLOYMENT
We have plenty of resources to prepare you for the workforce. We’ll help you decide on a career path, develop your skills and experience, apply for a job and prepare for an interview.

FINANCIAL SUPPORT AND SCHOLARSHIPS
There’s plenty of financial support available at USC. We can offer advice about how to manage your money, or you could even get a financial boost with a scholarship or bursary.

INDIGENOUS SERVICES
We provide academic mentoring, learning spaces and support services in a culturally safe environment for Aboriginal and Torres Strait Islander students.

FINDING YOUR FEET
USC has an active network of student groups and a wide range of partnership opportunities to build graduate attributes and enhance employability.

COUNSELLING
A free, confidential counselling service with a qualified psychologist is available to all students.

DISABILITY AND EQUITY
If your studies are affected by a disability, learning disorder, injury or illness, AccessAbility Services can provide assistance, advocacy and academic support.

Visit usc.edu.au/support for more information on support services available.
Get work experience while you study

All USC programs include hands-on training such as placements, industry projects, fieldwork or professional work experience. Work Integrated Learning (WIL) gives you the chance to put theory into practice, build skills that employers look for in graduates, establish job networks and find out what it’s like to work in your area of study. Some programs include overseas WIL opportunities, too.

You don’t have to choose between uni and travel. Spend one or two semesters abroad at one of more than 70 partner institutions, or take the opportunity to complete a placement or internship overseas.

There are a number of scholarships and grants available to help with the cost, so don’t let money hold you back from this amazing opportunity.

WHY STUDY OVERSEAS?

• Improve your language skills
• Explore a new culture
• Gain valuable life skills
• Broaden your career options
• Enhance your employability
• Establish a global network of friends
• Gain credit towards your degree

Visit usc.edu.au/studyoverseas for more information.

Amie Pennisi
Primary Education graduate, teacher

As soon as I started my first teaching placement I knew straight away I had found that ‘something’. My first term as teacher has been absolutely amazing, and I still pinch myself every single day because I get to inspire young minds as my career.

I think what helped me to thrive was that I just found something I enjoyed so much. And obviously hard work and the support of family, friends and lecturers.

Raymart Walker
Current International Studies student

I’ve had really great teachers and interesting classes in my International Studies degree but the best part has been taking the program internationally. Supported by the New Colombo Plan scholarship, I spent over 16 months in Japan studying Japanese language, completing two semesters of study, and various internships, including at the Australian Embassy, Tokyo, where I was able to apply my course knowledge in a practical way.

My experience abroad has affirmed my career aspirations of becoming a diplomat.
ADMISSION PATHWAYS

THERE’S MORE THAN ONE WAY TO GET INTO UNI

No matter what your situation is, if you’re keen to get started we can help you find a way.

Still in school?

YES

What year are you in?

Year 11 or 12

NO

Not currently in school

• Have you completed Year 12 (even if it’s been a while)?
• Do you have TAFE/VET qualifications?
• Do you have relevant work experience?
• Or have you studied at another uni?

YEAR 11 OR 12

HEADSTART
Study uni subjects while you complete Year 11 and 12 with USC's Headstart program. Start working towards your degree and, if you successfully complete two Headstart subjects, get a selection rank that you could use to get into uni.

usc.edu.au/headstart

YEAR 12

EARLY OFFER GUARANTEE
Doing really well at school? Got what it takes to succeed at uni? You can get your place at USC sorted by November with an Early Offer Guarantee. You still submit a QTAC application, but there’s no need to wait for your Year 12 results.

usc.edu.au/early-offer

GAIN CREDIT FOR PRIOR STUDY OR WORK EXPERIENCE
Your previous study or work experience may give you a selection rank, which can help you get into uni. You may also be eligible for credit towards a USC qualification, which can shorten the length of your degree.

YES

Need to complete subject prerequisites, want to improve your eligibility or brush up on your study skills?

NO

YOU'RE READY TO APPLY! QTAC APPLICATION

Most domestic applicants for a USC undergraduate program, pathway diploma or TPP apply online through the Queensland Tertiary Admission Centre (QTAC). This includes current Year 12 students, and applicants who have been out of school for a while. Current USC students may be able to apply directly to USC.

usc.edu.au
Enrolling in TPP was the best decision I’ve ever made. I’m so pleased I did it. I knew I wanted to study at USC because I wanted to enrol in Animal Ecology. But I never finished high school so I felt really stuck for options. When I found out about TPP, I just enrolled in it.

I loved the staff. They were really supportive. By the time I finished, I don’t think I could have been more prepared to start undergraduate studies. I felt really lucky to have such good lecturers and tutors.

Lara Williams
Completed Tertiary Preparation Pathway
Studying Bachelor of Animal Ecology/Bachelor of Business (Tourism, Leisure and Event Management)

**UN(5,4),(995,993)

Not quite ready or not quite sure about university? USC offers a range of study options that can help you take the first step towards your dream career.

**TPP**

**TERMIARY PREPARATION PATHWAY**

USC’s Tertiary Preparation Pathway (TPP) helps you build the skills and confidence to succeed at university and prepare for undergraduate study. It’s a great way to brush up on your academic skills, complete courses to meet subject prerequisites, or get a taste of uni life before you commit to a full degree. You can study up to four fee-free* TPP courses to help you towards a USC degree program.

After you successfully complete the TPP program (four courses), continue your study with USC and gain entry into most USC programs. If you already meet the admission requirements for your preferred degree, you can still do TPP – although you may choose only one or two courses to update your study skills.

**CHOOSING WHICH TPP COURSES TO STUDY**

Before you decide which TPP courses to study, consider where you would like TPP to take you. Your first step is to look at USC’s undergraduate degrees and decide which one you’d like to study once you have completed TPP.

You will be required to meet the minimum selection threshold and any subject prerequisites for the undergraduate degree you want to study so it’s important to check these before enrolling in your TPP courses to make sure you choose the right ones.

Next, check the recommended TPP courses for your chosen program at usc.edu.au/recommendedtppcourses and note the location and semester of offer. TPP courses are offered in Semester 1 and Semester 2, with some offered in intensive mode over the Summer Semester (Session 8).

There are a range of courses available through TPP to apply and develop your academic and study skills, digital literacy, communication and critical thinking skills, meet subject prerequisites and enhance your skills to effectively manage university study. Visit usc.edu.au/tpp to view the full list of courses on offer.

**ENTRY REQUIREMENTS**

Applicants must be a minimum of 17 years of age (international students must be 18 years old). Students from non-English speaking backgrounds must satisfy USC’s English language requirements. Visit usc.edu.au/englishrequirements

Pathways diplomas are not available to international students on a student visa.

Applicants who have already completed a higher education qualification (AQF Level 5 and above, or equivalent), excluding VET sector diplomas, are not eligible for entry into a pathway diploma program.

**HOW TO APPLY FOR A DIPLOMA OR TPP**

Applications for pathway diploma programs and TPP courses are lodged through the Queensland Tertiary Admissions Centre (QTAC).

For more information on the application process, visit usc.edu.au/applyqtac

International students interested in studying TPP should complete an International Student Application Form at usc.edu.au/internationalforms. Only a full-time option is available to international students on a student visa.

**DIP**

**PATHWAY DIPLOMAS**

A full-time, one-year diploma means you can get a taste for university, and have something to show for it, without the commitment of a full degree program. It’s designed to introduce you to a field of study and help you develop your skills and knowledge to succeed at university and in the workforce.

A USC pathway diploma is a stand-alone qualification that gives you direct entry and up to one year’s credit into selected bachelor’s degrees.

Start your career in Business Innovation, Creative Industries, Science and Technology, or Social and Human Services.

usc.edu.au/diplomas

**ENTRY REQUIREMENTS**

Applicants must be a minimum of 17 years of age (international students must be 18 years old). Students from non-English speaking backgrounds must satisfy USC’s English language requirements. Visit usc.edu.au/englishrequirements

Pathways diplomas are not available to international students on a student visa.

Applicants who have already completed a higher education qualification (AQF Level 5 and above, or equivalent), excluding VET sector diplomas, are not eligible for entry into a pathway diploma program.

**DO YOU IDENTIFY AS AN ABORIGINAL OR TORRES STRAIT ISLANDER PERSON?**

You may be eligible for direct entry to a USC program based on your potential to succeed, under USC’s Indigenous Direct Entry and Access Scheme (IDEAS). It’s for people who didn’t finish school, didn’t get an OP or whose OP doesn’t meet the minimum selection threshold for their chosen program.

usc.edu.au/ideas
Choose your degree

Search this guide on PAGES 14–29 or visit usc.edu.au to find the degree you want to study.

You can select up to six options on your QTAC application.

Not sure? We can help you work out the best degree options for you and how to make sure you’ll meet the entry requirements for your selections.

Study at one of USC’s study locations in the Sunshine Coast, Fraser Coast, Gympie, South Bank, Caboolture or at Australia’s newest university campus, USC Moreton Bay.

Check entry requirements

Check the entry requirements and the minimum selection threshold for your chosen degree on the USC website.

To receive an offer, you must have an OP, ATAR or selection rank equal to or above the minimum selection threshold* for your chosen degree in a given offer round.

Please note that the OP, ATAR and selection rank stated on the website and in this guide are from January 2020 and are a guide only and can vary between offer rounds.

You may be eligible for an adjustment to your OP, ATAR or selection rank under the Access USC Scheme. Visit usc.edu.au/accessusc

To be eligible for entry you must also satisfy any subject prerequisites specified for your chosen degree on the USC website. Recommended prior study is previous study that is recommended but not required.

Apply

Apply online through the Queensland Tertiary Admissions Centre (QTAC).

Your application is assessed on your OP, ATAR, selection rank, work experience or prior study.

Considering a gap year? You should still submit your QTAC application to secure your place.

You have the option to list up to six preferences on your application, with your preferred degree as first preference.

Accept your offer

Once an offer round has occurred, you will be advised by email if you have been made an offer.

Your offer email from USC will provide instructions to log in to USC Central using your username and password. Follow the prompts to accept your offer.

You must also respond to your offer from QTAC by the date specified.

Log in to QTAC’s Application Services using the email address and password you used to create your QTAC account.

Get financial support

When studying at university, you will need to budget for fees, study-related costs and living expenses.

To help with your study costs you may be eligible for scholarships or government assistance.

You can apply for most USC undergraduate scholarships and bursaries by completing one online application (domestic students only).

Visit usc.edu.au/scholarships for more information.

Note: Most undergraduate applicants apply through QTAC

*The minimum OP, ATAR or selection rank required in order to be considered for entry to this program.
### Study options explained

1. **PROGRAM NAME**
The name of the qualification. Most undergraduate programs are bachelor's degrees, but there are also associate degrees and diplomas.

2. **LOCATIONS**
This shows you which USC locations you can study this program at. Find more info about USC study locations on pages 4–5.

3. **QTAC CODE**
Each program has a unique six-digit code that you'll use in your QTAC application. There is a different QTAC code for each study location. Some locations have numbered notes – read these carefully for important info about your study options.

4. **COMMENCE**
At uni, a year is divided into two main semesters. Semester 1 starts in February, and Semester 2 starts in July. This tells you when you can start studying a program – some programs only start in Semester 1.

5. **MINIMUM SELECTION THRESHOLD**
This was the minimum OP, ATAR or selection rank that was required in order to be considered for entry to this program in 2020. Thresholds can change from year to year and from offer round to offer round, so can only be used as a guide. Meeting the minimum selection threshold does not guarantee entry.

6. **INTERNATIONAL STUDENT OPTION**
An international student is any student who is not an Australian or New Zealand citizen, Australian permanent resident or Australian Humanitarian Visa holder.

7. **DURATION**
How long it will take you to complete the program if you study full-time (usually four courses per semester). If you choose to study fewer courses per semester, it will take longer to complete your degree.

8. **PREREQUISITES**
Prerequisites are subjects you must have studied at school to be eligible for entry into a program. If you haven't studied the prerequisites at school, you might be able to meet them through other tertiary study or bridging/enabling courses. Units (3 and 4, C) means you must complete both Unit 3 and Unit 4 of the subject and exit with a grade of C or better in that subject. ‘Nil’ means there are no subject prerequisites, but you must still meet the minimum selection threshold and USC's standard entry requirements. Some programs have additional entry requirements, too.

9. **RECOMMENDED PRIOR STUDY**
These are the subjects USC recommends you study at school to prepare for a program. These are ‘good to have’ but are not required for entry.

**ARTS AND INTERNATIONAL STUDIES NOTES**

1. It is recommended that students planning to study part-time apply for the Bachelor of Laws rather than a double degree.
2. The following study areas are not available at USC Moreton Bay: Theatre and Performance, Music, Japanese.
3. Japanese and Psychology study areas are only available for students admitted in Semester 1.
4. Some combinations of teaching areas will take longer than four years to complete. Refer to online listing for further information. These combinations are not available for international students.
5. This was the minimum OP, ATAR or selection threshold that was required in order to be considered for entry to this program for 2020. Thresholds can change from year to year and from offer round to offer round, so can only be used as a guide. Meeting the minimum threshold does not guarantee entry.

---

**Sophie Ralston**

International Studies graduate

The strong focus on humanitarian issues throughout my degree has made me more open-minded, understanding and empathetic, which has led me to do charitable work in my own time. There are a lot of underlying qualities from my degree, from improved management skills to believing in myself.

USC had a relaxed atmosphere and I liked the humanitarian focus of this particular degree. The charm of the Sunshine Coast was prominent at USC and I loved its welcoming and comforting feel. I got to know lecturers as well as other students.
## BUSINESS, TOURISM AND EVENTS

Take your first step into the changing world of business with specialist degrees in management, marketing or accounting, and a range of double degrees that combine different areas of interest.

**COMMUNICATION, DESIGN AND CREATIVE INDUSTRIES**

**Daniel Swift**
Bachelor of Design graduate
Freelance graphic designer

I’m thankful to my USC mentors and lecturers who have instilled in me a drive to continue to educate and improve myself with every job I take.

Studying something that I was deeply invested in was great for me and I thrived at USC, taking every opportunity I could to further my studies. I completed several design internships on the Coast and gained valuable industry experience from them.

I was also chosen to participate in the Hong Kong Study Tour in 2018 where we visited a wide variety of established marketing, advertising and design firms. It was such an amazing experience that will always remain a highlight of my career.

That’s not bad for a kid from Dalby.

**Nicole Clay**
Bachelor of Early Childhood graduate
Primary school teacher

USC’s Early Childhood program gave me a lot of teaching skills that I use in a primary school environment.

What we learnt in Early Childhood at USC is based around development, which gives you an insight into why children behave a certain way or where different learning issues might stem from.

They are really invaluable skills that are unique to the Early Childhood Education degree but are useful in every other area of teaching.

---

**CREATIVE INDUSTRIES, DESIGN AND COMMUNICATION NOTES**

1. Not all majors available at USC Moreton Bay.
2. Only first-year courses are offered at USC Caboolture. The remainder of the program must be completed at USC Sunshine Coast or USC Moreton Bay.
3. It is recommended that students planning to study part-time apply for the Bachelor of Laws rather than a double degree.
4. Subject to final approval.

* Full-time option is available to international students on a Student Visa at select campuses. Refer to online listing for more information.

† This was the minimum OP, ATAR or selection threshold that was required in order to be considered for entry to this program for 2020. Thresholds can change from year to year and from offer round to offer round, so can only be used as a guide. Meeting the minimum threshold does not guarantee entry.

### EDUCATION NOTES

1. Only first-year courses are offered at USC Gympie. The remainder of the program must be completed at USC Sunshine Coast, however courses in second, third and fourth year that are shared with the Bachelor of Primary Education may be taken at USC Gympie subject to availability.
2. Semester 2 commencement not available at USC Gympie or USC Caboolture.
3. Semester 2 commencement not available at USC Gympie.
4. Only the English Subject Focus courses will be offered at USC Caboolture and USC Gympie.
5. The following study areas are not available at USC Moreton Bay: Theatre and Performance, Music, Japanese.
6. Japanese and Psychology study areas are only available for students admitted in Semester 1.
7. Some combinations of teaching areas will take longer than four years to complete. Refer to online listing for further information. These combinations are not available for international students.
8. Practical courses in the program have physical components and location requirements.
9. Only first-year courses are offered at USC Fraser Coast for the Mathematical Sciences major and Biological Sciences minor.
10. The Psychology study area is only available for students admitted in Semester 1.

<sup>*</sup> Full-time option is available to international students on a Student Visa at select campuses. Refer to online listing for more information.

<sup>^</sup> This was the minimum OP, ATAR or selection threshold that was required in order to be considered for entry to this program for 2020. Thresholds can change from year to year and from offer round to offer round, so can only be used as a guide. Meeting the minimum threshold does not guarantee entry.
# ENVIRONMENTAL STUDIES

Want to help preserve natural ecosystems or address the challenges of climate change? Looking for a career that can take you around the world? Explore the relationships between humans, animals and the environment — both natural and built — with a practical degree that gets you into the field.

## ENVIRONMENTAL STUDIES NOTES

1. Only first-year courses are offered at USC Fraser Coast. The remainder of the program must be completed at USC Sunshine Coast or USC Moreton Bay.
2. Practical courses in the program have physical components and location requirements.
3. Subject to external accreditation for Moreton Bay campus offering.
4. It is recommended that students planning to study part-time apply for the Bachelor of Laws rather than a double degree.
5. Full-time option is available to international students on a Student Visa at select campuses. Refer to online listing for more information.
6. This was the minimum OP, ATAR or selection threshold that was required in order to be considered for entry to this program for 2020. Thresholds can change from year to year and from offer round to offer round, so can only be used as a guide. Meeting the minimum threshold does not guarantee entry.
Kickstart your legal or criminology career with hands-on degrees designed to give you practical experience in the law and criminal justice system.

**LAW AND CRIMINOLOGY NOTES**

1. It is recommended that students planning to study part-time apply for the Bachelor of Laws rather than a double degree.
2. Subject to final approval.

\(^*\) Full-time option is available to international students on a Student Visa at select campuses. Refer to online listing for more information.

\(^1\) This was the minimum OP, ATAR or selection threshold that was required in order to be considered for entry to this program for 2020. Thresholds can change from year to year and from offer round to offer round, so can only be used as a guide.

Meeting the minimum threshold does not guarantee entry.

---

**Michael Jefferies**  
Bachelor of Laws/Bachelor of Commerce graduate  
Graduate lawyer  
My USC undergraduate studies and activities over the past five years have created a strong platform for my career.  
Since settling in Sydney six months ago, I have become involved in the governance of two organisations: batyr, which engages, educates and empowers young Australians about mental health; and the New South Wales division of the United Nations Association of Australia.  
I have also been informed that my Honours thesis from last year on the topic of shareholder activism has been confirmed for publication by a prominent journal.

---

**Luke Braund**  
Bachelor of Biomedical Science  
I want to help people living with a medical condition.  
I’ve got Type 1 diabetes, so I know what it’s like to live with a chronic condition. At times it was pretty difficult growing up with it, but it has really helped frame and shape who I am.  
I’ve been influenced by some of the health professionals who’ve helped me. Having a good one-on-one approach and compassion and understanding is really important when treating a patient. It helps you feel calmer, meaning you become more open to talking about your own symptoms. I want to apply those good experiences to whatever I do later in life.  
There’s still a lot of options about how I can make an impact on the world. It really comes down to choosing the best option that’s right for me. The world is changing quickly – especially when it comes to medicine – so it is a bit of a waiting game to see what pathway will be best for me when the time comes.
Launch into the fast-growing health sector with a degree in medical and health sciences. Learn the practical skills and knowledge you need to help people lead happier, healthier lives.
NURSING, MIDWIFERY AND PARAMEDICINE

Study for a rewarding career and make a real difference in people’s lives with a degree in health. You’ll get hands-on experience in USC’s state-of-the-art simulation facilities, with Australia’s newest teaching hospital and health precinct right on your doorstep.

NURSING, MIDWIFERY AND PARAMEDICINE NOTES

1. Some courses must be completed at the Sunshine Coast Health Institute.
2. Completing this program within the specified full-time duration is based on studying 48 unit points per semester (normally 4 courses) and undertaking some courses in Sessions 1 and 4 or Session 8 (Summer).
3. Some courses must be completed in Session 4 (Winter) or Session 8 (Summer) and require students to commit to full-time unpaid placement.
4. Semester 1 commencement only available on a part-time basis.
5. Commencement in Semester 1 will extend the program duration to 3 years minimum.
6. Moreton Bay program available online.
7. Full-time option is available to international students on a Student Visa at select campuses. Refer to online listing for more information.

PSYCHOLOGY AND SOCIAL SCIENCES NOTES

1. Only first-year courses are offered at USC Fraser Coast. The remainder of the program must be completed at USC Sunshine Coast.
2. Only first-year courses are offered at USC Gympie. The remainder of the program must be completed at USC Sunshine Coast.
3. Semester 2 commencement not available at USC Fraser Coast.
4. Only first-year courses are offered at USC Gympie. The remainder of the program must be completed at USC Sunshine Coast.
5. Subject to final approval.
6. Subject to external accreditation for Moreton Bay campus offering.
7. Subject to final PACFA accreditation approval.
8. Full-time option is available to international students on a Student Visa at select campuses. Refer to online listing for more information.
9. This was the minimum OP, ATAR or selection threshold that was required in order to be considered for entry to this program for 2020. Thresholds can change from year to year and from offer round to offer round, so can only be used as a guide. Meeting the minimum threshold does not guarantee entry.
**PSYCHOLOGY AND SOCIAL SCIENCES**

Interested in what makes people tick? Want to improve people’s wellbeing or help build better communities? Study the intricacies of the human brain or help drive social change with a degree in psychology or social sciences.

### ENGINEERING AND SCIENCE NOTES

1. Subject to external accreditation for Moreton Bay campus offering.
2. Only first-year courses are offered at USC Fraser Coast. The remainder of the program must be completed at USC Sunshine Coast or USC Moreton Bay.
3. Only first-year courses are offered at USC Fraser Coast for the Mathematical Sciences major and Biological Sciences minor. The remainder of the program must be completed at USC Sunshine Coast.
4. Subject to final approval.
5. It is recommended that students planning to study part-time apply for the Bachelor of Laws rather than a double degree.
6. The Psychology study area is only available for students admitted in Semester 1.
7. Some combinations of teaching areas will take more than four years to complete. Refer to online listing for further information. These combinations are not available for international students.
8. Full-time option is available to international students on a Student Visa at select campuses. Refer to online listing for more information.
9. This was the minimum OP, ATAR or selection threshold that was required in order to be considered for entry to this program for 2020. Thresholds can change from year to year and from offer round to offer round, so can only be used as a guide. Meeting the minimum threshold does not guarantee entry.

---

### Lidia Davidovics-Smith

Environmental Science and Science Honours graduate

Working at SEA LIFE

At USC, I learnt about native fauna during amazing field trips to Fraser Island and Stradbroke Island, and I helped gather data for a PhD student’s research project on the foraging behaviour and potential impacts of red foxes in coastal environments such as Point Cartwright.

I worked on a native vegetation survey between Noosa and Sippy Downs, and my Honours research found that public education was pivotal in encouraging the proper use of fishing waste bins at popular recreational fishing areas.

Now, at SEA LIFE, my duties can range from demonstrations of stingray feeding and archerfish spitting to describing the behaviours of sharks or seahorses.
**SPORT AND EXERCISE SCIENCE**

Get ready for a career in sport. Learn to harness the power of human movement and use exercise to help people recover from illness or injuries.

Thresholds can change from year to year and from offer round to offer round, so can only be used as a guide. Meeting the minimum threshold does not guarantee entry.

---

*Owen Dugdale*

Bachelor of Sport and Exercise Science graduate

I chose to study at USC because the smaller class sizes allowed for greater teacher-student interaction.

Clinical placements gave me confidence to utilise the knowledge I had gained and provided valuable learning experiences working alongside knowledgeable practitioners and interacting with talented athletes.

The degree has provided me with a wealth of knowledge in a range of different fields, including anatomy, physiology, nutrition, and coaching.

Most importantly, it taught me how to interact with professional athletes and coaching staff and how to apply my knowledge in realistic scenarios.

Here’s what I did...

- Worked ‘6/10’ hard!
- Snapped a selfie with a bee
- Dropped myself for less lectures
- Fell in love with Bovisio results
- Found a carpet
- Old group work like a green-up
- Figured out the self-assessment time
- Helped some ducks cross the road
- Made life-long friends

With financial backing from the Fraser Coast Regional Council, USC students are helping to remove tonnes of marine litter from Hervey Bay’s Great Sandy Strait Marine. Over the weekend, student-based group, Fraser Coast Intrepid Landcare oversaw the installation of a giant floating Seabin, which has the capacity to collect more than one tonne of debris each year – and we couldn’t be more proud.

Today – and every day – we celebrate women, who form 51% of our club. Our women are strong, supportive, courageous, hard-working, and inspiring, and contribute to the incredible culture of USC Quidditch. We are proud of our women, and we actively push for gender equality in all aspects of our group. Happy International Women’s Day!

Parents and supporters As a parent or carer of a future USC student, you play a valuable role in guiding and supporting them through their exciting journey. We have a dedicated online space with all the information you need to help your child navigate their way to university. Make yourself at home via the USC Parent Lounge usc.edu.au/parents and sign up for the Parent Lounge eNewsletter while you’re there.

WE’RE HERE TO HELP

When you’re weighing up your uni options, it’s natural to have questions.

Starting uni can be an exciting, life-changing experience. But for some, not knowing where to begin can be stressful. We’re here to help.

You can speak with current students who’ve been in your shoes before. So if you have a question, no matter how big or small, talk with USC now.
