Semester 1, Semester 2

Moreton Bay

Semester 1, Semester 2

Want to work at the cutting edge? This combined business and science degree develops innovative business thinking, along with a strong foundation in scientific concepts and technologies. This flexible program lets you tailor your studies to suit your interests and career ambitions. You'll develop advanced analytical skills and an ability to solve complex problems, giving you a sought-after skillset and diverse career choices.

In this program you will:

- Gain a strong foundation in traditional scientific fields, including practical classes in USC's fully equipped laboratories
- Build core skills in communication, problem solving, analytics and entrepreneurial thinking
- Gain practical skills through work-integrated learning opportunities in both fields
- Design your own study path with a choice of majors in both Business and Science
