## Honours

The Bachelor of Engineering (Civil) (Honours) may be awarded with Honours.
The class of Honours awarded to a student is calculated using the mean mark achieved when completing the 96 units of AQF8 level courses (400 coded).

| HONOURS RESULTS CLASSIFICATION | MEAN MARK ACHIEVED IN AQF8 COURSES (400 CODED) |
| :--- | :--- |
| Honours Class I | $80 \%-100 \%$ |
| Honours Class IIA | $70 \%-79.5 \%$ |
| Honours Class IIB | $60 \%-69.5 \%$ |
| Honours Class III | $50 \%-59.5 \%$ |
| Marginal Fail | $47 \%-49.5 \%$ |
| Fail | $0 \%-46.5 \%$ |

Note: Program structures are subject to change. Not all UniSC courses are available on every UniSC campus.

## Program requirements and notes

In order to graduate you must:

- Successfully complete 384 units as outlined in the Program Structure
- Complete a minimum of 60 days of suitable work experience. Students must meet all costs associated with the acquisition of practical experience to satisfy this requirement

## Program notes

- Completing this program within the specified (full-time) duration is based on studying 48 unit points per semester (normally 4 courses) and following the recommended study sequence
- The unit value of all courses is 12 units unless otherwise specified
- It is each students responsibility to enroll correctly according to your course requisites, program rules and requirements and be aware of the academic calendar dates
- Courses within this program are assessed using a variety of assessment methods including essays, seminar presentations, reports, in-class tests and examinations. Not all courses will necessarily include all methods
- As part of your UniSC program, you may apply to Study Overseas to undertake courses with an overseas higher education provider
- Refer to the Managing your progression page for help in understanding your program structure, reviewing your progress and planning remaining courses.
