

# Bachelor of Nutrition

## LOCATION

Sunshine Coast

## START

Semester 1, Semester 2

Get involved with food and a constantly evolving scientific field. This is a hands-on program specially designed for industry application, teaching the science behind food and the way the human body uses it.

In this program you will:

- Learn how to make food for people with different dietary needs
- Learn about food preparation, processing and preservation
- Cook in our specialised teaching kitchen
- Gain industry experience in a work placement
- Specialise in a range of minors, including public health nutrition, sport and exercise, agriculture and aquaculture, Indigenous studies, or social media

### Career opportunities

- Food service and menu support
- Community nutrition
- Nutrition policy development
- Public health nutrition
- Health promotion
- Nutrition journalism
- Nutrition marketing and support for food industry
- Corporate nutritionist
- Researcher
- Sport and exercise nutrition
- Public relations
