OES101 Foundations of Outdoor Environmental Studies	• Semester 2	12	Pre: Enrolled in Program AB101, SC110, SC347, ED112, ED312, ED315 or XU301, UU301 or UU302 or by permission of the course coordinator
OES215 Marine Science Education Fieldwork	• Semester 2	12	Pre: Enrolled in Program ED315, ED312, ED112
SUS202 Communicating Sustainability	• Semester 2	12	

Program requirements and notes

In order to graduate you must:

- Successfully complete 96 units as outlined in the Program Structure

Program notes

- Completing this program within the specified (full-time) duration is based on studying 48 unit points per semester (normally 4 courses) and following the recommended study sequence
- The unit value of all courses is 12 units unless otherwise specified
- It is each students responsibility to enrol correctly according to your course requisites, program rules and requirements and be aware of the academic calendar dates
- Courses within this program are assessed using a variety of assessment methods which may include essays, seminar presentations, reports, in-class tests and examinations
- Courses that involve field trips may require a degree of physical fitness and mobility. If you have a disability, medical condition or any concerns that may affect your potential participation in some of the practical components of the program, you are invited to discuss your options with the program coordinator
- Some items of personal equipment will need to be provided/purchased by the students themselves. This would include: Personal sleeping mat, personal sleeping bag, walking shoes/boots, Backpack, Torch, Daypack
- The University will meet most costs of the field trips, but students will be required to pay for their own food. Students may also elect to participate in some additional private trips to refine their skills, knowledge and experience
- Only a full-time study option is available to international students on a Student Visa
- Refer to the Managing your progression page for help in understanding your program structure, reviewing your progress and planning remaining courses.
