START

Semester 1, Semester 2

Become a skilled, responsive leader in aged care. Australia's aged care sector is growing rapidly, which means increasing demand for capable and responsive leadership across a range of healthcare settings. This specialised graduate certificate equips you with advanced knowledge and skills in the core areas of leadership, management and quality care of the older person. With a wide choice of elective subjects, you can also develop specialised knowledge in areas like mental health, public health or organisational behaviour.

In this program you will:

- Advance your knowledge and understanding in an area of aged care
- Prepare yourself for health care management and leadership
- Develop opportunities for advanced practice roles within aged care
