## Graduate Certificate in Business Research

Ready to take your first step into business research? This four-course graduate certificate is designed to build your knowledge, skills and training in key business-related research methods, and provides the foundation for entry into a postgraduate research program.

Throughout the program, you'll work with experienced academics to develop your research topic, and plan and draft a literature review. You'll also receive a thorough grounding in both qualitative and quantitative research methodologies.

### Admission requirements

- Completion of an undergraduate degree in Business or a related field or enrolment in (or completion of) a coursework master's degree such as an MBA.
- Candidates whose first language is other than English must demonstrate an appropriate level of English proficiency. Refer to the English language requirements.
