Master of Education by Research

Build upon your experience in education to conduct research that contributes to creating lasting social change. This program allows you to design research that is educationally significant. You will be guided by expert supervisors from planning through to completion, with access to regular training, professional development, conferences, and publications.

In this program you will:

- Receive expert guidance in research theories and methodologies
- Choose to study full-time or part-time, with blended learning opportunities
- Specialise in an area of research that contributes to education scholarship
- Have access to a range of opportunities to fine-tune your postgraduate level research skills
- Have the opportunity to participate and present at conferences

Career opportunities

- Head of Department
- School or program leader
- Academic
- Education advisor
