Master of
International Development

UniSC

LOCATION   START

Become a world changer. This practice-focused program will equip you to obtain employment in development with international organisations including the United Nations, UNESCO, the FAO, the World Bank, non-government organisations (NGO's), development and consultancy corporations, and donor agencies.

In this program you will:

- Explore key issues and practices regarding poverty alleviation and development, preparing you for the international development sector
- Be introduced to development theories and ideologies, including colonisation and de-colonisation, industrialisation, globalisation, dependency, rural development, food security, poverty alleviation, urbanisation, environment, and the impact of climate change in developing countries
- Learn key skills and approaches in development practice, including traditional and emerging donors, the role of non-government organisations and managing contractors, research design and project management
- Tailor your second year to an area of application and practice that interests you
